I understand that all charges for any term must be satisfied before the beginning of the next term. I further understand that finance charges will accrue on all unpaid charges and will be computed by a 'period rate' of one percent (1%) per month, which is an ANNUAL PERCENTAGE RATE of twelve percent (12%) applied to the prior balance after deducting current payments and/or credits to the account. I agree to pay all costs related to collection of unpaid balances, including legal fees, collection costs and interest. I further allow the below-signed individual complete, unabridged access to my financial records.
