Kentucky Wesleyan College Honor Code

As a member of the Kentucky Wesleyan College community, we each pledge to conduct ourselves with honor, to support others, live with integrity, and do everything with love.

WHO WE ARE

Mission Statement

Kentucky Wesleyan College, in partnership with the United Methodist Church, fosters a liberal arts education that nourishes and prepares students intellectually, spiritually and physically to achieve success in life.

Kentucky Wesleyan College History

The dream of an institution of higher learning held by Methodists from the first days of settlement in Kentucky came to fruition in 1858 when the Kentucky Conference of the Methodist Episcopal Church, South, voted to establish a college at Millersburg. Classes began in 1866, after peace was restored following the Civil War, and the first commencement was in 1868. Begun as a training school for preachers, the curriculum expanded rapidly to include a solid basis of instruction in the liberal arts. Business classes were added when a demand for this instruction was identified. By the 1880s half of the alumni were employed as either teachers or businessmen.

Millersburg, located on a branch line railroad, proved too remote for effective student access. In 1890 the College moved to Winchester, in Clark County, which was served by two major rail lines. A fund drive resulted in money for new buildings, and the faculty from Millersburg settled into the hospitable environment of the College's new home. The early Winchester years saw other major changes as well. The first women were admitted as students in the early 1890s, a pioneering step for Kentucky Wesleyan College, which became one of the first institutions of higher learning in the Commonwealth to permit co-education. Intercollegiate athletics also became a part of the Wesleyan scene with competitions in football, baseball, and basketball, as well as a broad program of intramural sports for both men and women.

A Wesleyan tradition was born in 1905 when the main College building was destroyed by fire. One of the limestone ornaments that decorated the facade fell to earth but remained intact. This bust of Minerva, the Roman goddess of wisdom, became a symbol of the Wesleyan spirit. Today it is mounted in a prominent place on the Owensboro campus, and it is a focal point for many Wesleyan student activities.

Wesleyan secured full accreditation by the Southern Association of Colleges and Schools in 1947. Increasingly Wesleyan graduates were making their mark in the graduate and professional schools of the region. The strong curriculum in business and liberal arts was expanded to include major programs in pre-professional areas. Wesleyan earned an enviable reputation for the many students sent to medical, dental, law and graduate schools. The concept of the Wesleyan Spirit was strengthened with the founding of the Order of the Oak and Ivy in 1955 to honor students with outstanding academic and campus service careers.

The year 2000 started off with a bang as the Owensboro campus was severely damaged by an F3 tornado on Jan. 3. True to the College's spirit, the campus community looked for the silver lining and took the opportunity to improve campus by repairing and/or replacing damaged buildings to make the physical plant even better than before. Wesleyan continues to be a place filled with spirit and determination.

Standards of a Christian College

People never rise higher than their ideals. Standards of conduct are governed by the ideals that dominate human thoughts. This is true of institutions as well as individuals. Kentucky Wesleyan College encourages each of her students to be governed by the ideals derived from the Christian faith. This does not mean that all must think exactly alike or believe exactly the same things. The Christian community has room for many different ideals but there are some standards of thought and action that are common to all Christian people, and which ought to characterize the relationship in this academic community.

Proper regard for the personalities of other people requires us to be honest, truthful, dependable, trustworthy, tolerant, loyal, and reverent. These qualities are expected in the lives of all our students. Only as we live by these standards can we hope to live successfully in a Christian college community. Conduct not befitting these standards will be considered sufficient basis upon which to ask a member of our College community to discontinue his or her relationship with us.

Members of the Wesleyan community, both students and faculty, are expected to maintain the highest standards of Christian life in their daily activities.

Ever in the strife
Always true to one another
Till the end of life
Forward ever be our watchword
Conquer and prevail
Hail to thee, our Alma Mater
Wesleyan, All Hail

Campus Ministries

Kentucky Wesleyan’s Campus Ministries exists to serve, love, and build relationships of eternal value on our campus. Our mission is to “walk” as Jesus would walk on our campus--1 John 2:6 “The one who says he remains in Him should walk just as He walked.” Jesus Christ modeled servant leadership, sacrificial love for everyone, and a focus on relationships.

Campus Ministries will provide opportunities for our campus community to own and grow their own faith through chapel services, prayer times, sharing our faith within groups, and service projects, trips, and experiences both locally, regionally, domestically, and internationally. Campus Ministries serves as a spiritual life resource for all aspects of our campus and community.

Campus Ministries offers a weekly chapel service on Wednesdays (**Chapel @12:12**) for students, staff, and community to come together for worship, praise, and prayer. Campus Ministries also hosts “**stories**”...a time every other Wednesday night to hear the stories of what God has done (and is doing) in the lives of those around us. We offer Grow Groups (**Ggroups**) which are small groups for our students to grow their faith and develop community. Campus Ministries offers a student led Fellowship of Christian Athletes huddle for students and scholar athletes. Through Campus Ministries, students have an opportunity to serve in numerous ministry leadership intern positions rooted in their gifts, callings, and passions.

The Campus Ministries offices are located inside the **Jack T. Wells Activity Center**, which is open weekdays 8AM-5PM.

Campus Security and Crime Reporting

Kentucky Wesleyan College (hereinafter “Wesleyan” or the “College”) is concerned with the safety and well-being of its students and staff and has contracted for security services to be provided by a private security agency. Uniformed security officers provide coverage during the evening and on weekends. Campus security, however, should be everyone’s concern. For the College to provide a safe campus, we must have the assistance and cooperation of each and every person at Wesleyan.

You can help yourself and help us by always reporting suspicious people to your Resident Assistant or Resident Director, the Student Services Office, or some other College staff member. Report all broken locks, doors, windows and lights to your RA or RD or another appropriate person to Campus Security.

A few campus safety tips:

- 1) Do not breach security by propping open locked doors on campus buildings.

- 2) Always keep your room and car doors locked.
- 3) Don't walk alone at night.
- 4) Never leave personal belongings unattended.

Students should report all incidents of campus crime (theft, assault, etc.) to their RA and RD (if they are a residential student) and the Student Services Office, as well as the Owensboro Police Department. Sexual assaults should be reported to the Title IX Officer. A complete listing of campus crime statistics is located on PantherNet and the Wesleyan website.

Faculty, Staff, and Students can contact Campus Security at 270-929-8609.

Fire Drill Regulations

Every member of the College community should realize the responsibility for knowing what to do in case of a fire. Upon entering any building, an occupant should immediately acquaint themselves with fire escape routes and become familiar with the location of fire extinguishers.

Fire drills exhibit the correct procedure to follow should a real fire occur. In the event of a fire drill, occupants should vacate the building as quickly as possible. Failure to evacuate the building during a fire drill may result in disciplinary action.

The most important thing to remember during a fire drill or an actual fire is to **REMAIN CALM**. Running and pushing can cause panic and confusion, which may result in a deadly situation. Students should walk quietly to the nearest exit, then keep walking until they are a safe distance from the building.

Use of fire extinguishers and alarms, except in cases of emergency, is strictly prohibited and will result in referral to the Student Services Office for disciplinary action and possibly to local law enforcement.

Emergency Exit Procedures for the Physically Challenged

The state fire marshal, elevator contractor, and other safety personnel have been consulted to determine the best emergency exit procedures for physically challenged staff, students, and guests located on upper floors of the Barnard-Jones Administration Building or the Winchester Center. The following is a summary of the information:

Fire Exit - Use of the Administration Building, Winchester Center, and/or Kendall Hall elevator during a fire alarm is strictly prohibited. Everyone must use the stairwells.

Depending on the circumstances, some individuals may prefer to navigate down the stairs with their own equipment after the initial crowd has exited. Others may wish to be transported without their chairs or supporting equipment. To assist with procedure, the College has specially designed emergency exit chairs that are located on each floor of the Administration Building and the second floor of the Yu Hak Hahn Center for the Sciences. The chairs provide better security for the physically challenged individual while other individuals assist with their descent of the stairs. A demonstration of the proper use of the equipment and the opportunity to familiarize yourself with it can be made available upon request.

Loss of Power Exit - In the event of a power loss, the Administration Building, Hahn Center, and Winchester Center elevators do not function. However, all elevators are equipped with emergency telephones that work during a loss of power if someone is trapped in the elevator.

Family Educational Rights and Privacy Act (FERPA)

A signed copy of the FERPA form must be on file in the Registrar's Office. FERPA is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level.

Responsibilities of Students, Faculty & the Office of Disability Services

Wesleyan is committed to equal opportunity and challenge for all academically qualified students and does not discriminate on the basis of disability. The Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973 are significant federal mandates that require universities to provide reasonable and appropriate accommodations for qualified students with documented disabilities. Support services and accommodations are designed to provide students with disabilities full access to the College's educational opportunities.

The Office of Disability Services is responsible for the general coordination of programs and services for qualified applicants for admission and enrolled students with disabilities. Eligibility for services and appropriate accommodations are determined by the Office of Disability Services after review of disability documentation. Frequently, collaborative discussion between the Office of Disability Services, the student, faculty and others is required to identify appropriate accommodations such as those listed below.

Responsibility of Student:

- Students with disabilities are responsible for ensuring that the College is aware of disabilities that require accommodation in the educational process.
- Students with disabilities are responsible for requesting accommodations by identifying themselves to Molly Gross at the Office of Disability Services, presenting appropriate documentation of disability, completing a service request each semester, and requesting accommodation letters for faculty outlining specific accommodation needs.

- Students with disabilities are responsible for meeting the requirements of each class.
- Students with disabilities are responsible for notifying the Office of Disability Services if any problems occur in the receipt of approved accommodations.

Responsibility of Faculty:

- Faculty members are strongly encouraged to include the following statement on the course syllabus: “Wesleyan is committed to providing access to programs and services for qualified students with disabilities. If you are a student with a disability and require accommodation to participate and complete requirements for this class, notify me immediately and contact the Office of Disability Services (Student Success Center or 270-852-3221) for verification of eligibility and determination of specific accommodations.”
- Faculty members are responsible for requiring verification of eligibility. The standard form of verification is a letter to the faculty prepared by the Office of Disability Services.
- Faculty members are responsible for providing approved accommodations for eligible students. The Office of Disability Services is available for consultation about appropriate levels of accommodation and available support resources.
- Faculty must consult freely with the Office of Disability Services as questions and concerns arise regarding approved accommodations for each student.

Responsibility of the Office of Disability Services (ODS):

- ODS is responsible for general coordination of accommodations for students with disabilities.
- ODS is responsible for referring students with suspected disabilities to sources of assessment, but ODS provides no diagnostic services.
- ODS is responsible for receipt and review of documentation of disability.
- ODS is responsible for determining eligibility for specific accommodations.
- ODS is responsible for preparation of accommodation letters. Letters are given to students who in turn share letters with faculty.
- ODS is responsible for discussing accommodation needs with students, faculty and others as appropriate to identify appropriate accommodations on a case-by-case basis.
- ODS is responsible for assisting faculty with classroom accommodation needs and provision of appropriate auxiliary aids.
- ODS is responsible for assisting with problem resolution as needed.

How to Apply for Services Provided by the Office of Disability Services

- Wesleyan is committed to equal opportunity and challenge for all academically qualified students and does not discriminate on the basis of disability. Accommodations are available to encourage students with disabilities to take full advantage of this College’s educational, social, and cultural opportunities and experiences.
- The Office of Disability Services is responsible for the coordination of programs and services for qualified applicants for admission and enrolled students with disabilities. Determination of eligibility for services and appropriate accommodations is determined by the Office of Disability Services and Associate Dean of the College, after review of documentation of disability.
- At a scheduled appointment, the Director of the Office of Disability Services will discuss the student’s request for services with the student to determine appropriate accommodations and/or consult with the faculty member or others outside the College (as deemed necessary) regarding the request.
- Questions or concerns from faculty, staff, or the student related to requested accommodations should be discussed with the Director of the Office of Disability Services informally and then be subject to informal consultation with the Academic Dean of the College. Written student complaints submitted to the Director of the Office of Disability Services will be addressed directly by the Director in writing to the sender. Matters that remain unresolved may be formally presented by the student to the Academic Dean of the College located in the Barnard Jones Administration

Building by following the ADA Grievance Procedure. A complaint should be filed within 180 days after the complainant becomes aware of the alleged violation. Formal appeals include a written statement regarding the nature of the complaint, results of the informal meetings, and requested resolution. All formal appeals will be promptly investigated, and a decision will be rendered within 60 working days of the date of receipt. Please contact the Office of Disability Services for additional information on the grievance procedure.

Applying for and Requesting Support Services from the Office of Disability Services

Referrals - Students and potential students are referred to the Office of Disability Services by publications such as Wesleyan application packets, schedules of classes, course syllabi and catalogs. Students are also referred by community agency personnel, Wesleyan faculty, high school guidance counselors, health care professionals, family members and others. Referrals must be made in writing. Referrals should be directed to:

Molly Gross
Director of the Office of Disability Services
Kentucky Wesleyan College
3000 Frederica Street
Student Success Center
Owensboro, KY 42303
270-852-3221

Submitting documentation of disability - All students seeking assistance from the Office of Disability Services must disclose the presence of a disability. In most cases, the student will be asked to submit documentation of disability for review by the Director of the Office of Disability Services. Upon receipt and review of the documentation, an intake appointment will be scheduled. Contact the Director to set up this appointment.

Intake appointment - After review of documentation, the Director will contact the student to schedule an appointment with the student if the student has not already done so. At this meeting, the student's eligibility for accommodations and anticipated needs will be discussed. Policies and procedures regarding specific accommodations, such as letters for faculty, accommodations, supplemental note-taking services, etc. will be discussed at this appointment.

Requesting specific accommodations - Requests for accommodations are made by completing an Accommodation Application Form found at: www.kwc.edu

Submit the form along with a copy of the student's class schedule to the Director of the Office of Disability Services PRIOR to the start of the semester. All forms should be turned in BEFORE the end of the first week of each semester. Accommodations are not retroactive; date of determination occurs as of the date of application. It is the responsibility of the student to request specific accommodations each semester via the Accommodation Application Form. Please remember that no accommodations can be put in place until after submission of appropriate documentation, review by the coordinator, determination of eligibility for specific services, and requests by the student for specific accommodations.

Timeliness of requests - Submission of accommodation requests for instructor letters, accommodation, tutors from the Office of Disability Services and supplemental note-taking services from the Office of Disability Services should generally be submitted no later than one week prior to the beginning of the term. Some accommodations (such as interpreter service and taped/CD textbooks) require much more notice and requires the submission of course schedule, textbook name, author, and ISBN number in regards to taped/CD textbooks. Although the Office of Disability Services will make reasonable effort to process all requests, untimely requests may result in delay of accommodations.

Wesleyan has a continuing responsibility to monitor and address ADA compliance issues. The College does not discriminate on the basis of disability in its programs or activities. Complaints should follow the Grievance Procedure as indicated below. The Grievance Procedure is not a legal proceeding, but rather an informal process to enable the College to remedy any and all effects of alleged discrimination.

This internal complaint procedure involves an informal, but thorough investigation, affording all interested persons and their representatives, if any, an opportunity to submit evidence relevant to a complaint. This investigation will be completed within 30 days of the submission of the written complaint.
- 5) A written determination as to the validity of the complaint and a description of the resolution, if any, shall be issued by the Office of Disability Services, in association with the Office of the Academic Dean for the College, and a copy forwarded to the complainant.

Intramurals (Campus Recreation)

The College's intramural sports program is designed to allow each student to relax and enjoy friendly competition. Participation is the most important criteria. Intramural sports vary each semester but often include cornhole, volleyball, bowling, basketball, and more. All activities are co-educational and provide students an opportunity to participate. New activities and programs are added as student interest dictates. Also available are open gym times. One must be enrolled full time and be in good academic standing to compete.

Mail Room

Mailbox Assignments - All full-time students (residential and commuters) are required to have a mailbox on campus. No mail will be delivered without a mailbox. Failure to secure a mailbox will result in a \$25 fine and/or ten hours community service. Mailboxes are optional for part-time students.

1. There is a **\$10.00 refundable deposit** for each mailbox key to be paid online through PantherNet or the Student Portal.
2. All key deposits are refundable at the end of each academic year or at the time of withdrawal when the mailbox key is returned to the appropriate office.
3. If a student loses or damages his or her original key, the student will be required to pay an additional \$10.00 fee for a replacement. The student is eligible for a refund of the most recent \$10.00 deposit. The Mail Room will need to be notified of any lost or damaged keys so the Postal Coordinator can track the number of duplicates that need to be made.
4. It is important to return the key to the mailroom staff at the end of the academic year, as **mailboxes will be reassigned at the beginning of each school year. Failure to turn in your mailbox key by July 1 will result in a \$50 fine and forfeiture of your key deposit.**

2. Mail Room capabilities:
 - a. Sell stamps
 - b. Ship and receive packages (US Mail, UPS, Fed-Ex, etc.)

It is the student's responsibility at the end of the school year or when a student leaves campus (i.e. graduate, withdraw, or go home for the summer) to notify all institutions sending mail (i.e. banks, credit card companies, magazines) of the new address. If a student requests that mail be forwarded somewhere other than the parents' home (or other permanent address on file), he/she must contact the Postal Coordinator via e-mail.
6. The College will not be held liable for non-forwarded mail. According to the United States Postal Service (USPS), "A change of address may **NOT** be filed with the USPS for an

individual's mail addressed to an organization..." (USPS F020.1.4) Since the USPS considers the College an organization, this applies to our students, faculty and staff.

Information Changes

Life happens and change takes place. Students can change meal plans and ask about housing changes in Student Services. Students who have a change in name, off-campus address (including billing or parental address), telephone number, or marital status must, in writing, notify the Registrar's Office of these changes. It is the responsibility of the student to ensure that the Registrar's Office has the correct information in their personal data file. **A student's failure to properly notify the Registrar's Office of these changes does not excuse the student from meeting College academic deadlines or financial obligations.** Please be aware that student information changes will only be accepted from the affected student.

Lock Outs of Residence Hall Rooms

Students living in the residence hall are issued keys for use in the hall and their room. Sometimes students get locked out. Staff will assist students who are locked out of their room for free one time. Each time after that, when a student is locked out, they will be assessed a \$25.00 fee to open the door

Student ID Cards

Each new Kentucky Wesleyan College student will be issued a Student ID card during registration at no charge. Replacement cards may be issued in the Student Services Office if a card is lost. The replacement fee is \$25.00. Damaged cards will be replaced at no charge if the damaged card is turned into the Student Services Office. Students will use the same Student ID card during their tenure at Kentucky Wesleyan College. The Student ID must be validated during final registration each semester. The Student ID has many uses on campus:

- Student identification
- Howard Greenwell Library Card
- Dining Services Card
- Admission to SAPB events
- Admission to Wesleyan Players productions
- Admission to Wesleyan athletic events

- After hour access to Winchester Center, Woodward HRC, Yu Hak Hahn, & Ralph Fine Arts Center

Students should carry their Student ID card with them at all times and must present the card whenever requested by any College faculty/staff member (including food service staff, residence life staff, campus security, and bookstore personnel). Students who do not present a validated Student ID card may be denied access to an activity or event.

The student will be issued a Commuter permit or a Resident permit, depending on their status. Commuter students ONLY may use the Yu Hak Hahn parking lot, as well as the eastern half (directly adjacent to the Administration Building) of the Scherm Road/Winchester lot. Resident students may use all other non-reserved, non-handicapped parking spaces.

General Policies Concerning Traffic Regulations

1. Vehicles shall be parked in the lots in the spaces indicated by parking lines on both sides. In case of curb parking, all vehicles are to be parked in the direction of the traffic flow and not in "No Parking" zones (indicated by yellow markings).
2. Parking in visitor, handicapped, or spaces designated for residence life staff is prohibited and will result in ticketing and potentially towing.
3. All vehicles shall observe speed limits and all traffic signs.
4. Motorcycles are classified as motor vehicles and must be registered in the Student Services Office. Motorcycles, mopeds, and scooters must observe traffic and parking regulations and are not to be operated on sidewalks or campus lawns.
5. All students involved in traffic accidents on campus should contact the Owensboro Police Department (OPD) at 270-687-8888 to file a police report for insurance purposes, and the accident should also be reported to the Student Services Office.
6. Campus streets and parking lots are maintained and policed by the city of Owensboro. The Student Services Office has no authority for parking or speeding tickets issued by OPD.
7. Vehicles found in violation of campus parking regulations will be ticketed and a fine will be assessed.
8. After three unresolved parking tickets, the vehicle may be towed at the owner's expense.
9. Any fines assessed that are unpaid may result in a delay in the registration process.
10. Vehicles parked in a restricted area will be towed, at the owner's expense. Failure to pay the towing charge will result in a hold being placed on the student's academic transcript.

ACADEMIC SUPPORT SERVICES

Academic Advising

"Recognizing that effective academic advising is at the core of student success" (NACADA mission statement), Kentucky Wesleyan College invests resources in our faculty-driven academic advising program. Our academic advisers work with students to make sure they make "progress toward

degree” as required by federal financial aid rules and help students to secure relevant academic internships, practica, or research experiences as dictated by their discipline.

Kentucky Wesleyan’s Academic Advising Mission Statement: At Kentucky Wesleyan, the purpose of academic advising is to provide students the opportunity to plan and review their academic and life plans through ongoing discussions with an interested faculty member. Updates about academic advising requirements, expectations, or changes in College policy or procedures are conveyed to faculty at the beginning of each semester at the Opening Faculty Meeting and via email during the academic year. Information about academic advising is also presented at some monthly Faculty Meetings.

Academic Advising for Freshmen Students

Freshmen students will be assigned to a faculty mentor who will be their academic adviser or will work with Alejandra Aviles Jimenez, our freshman academic adviser.

Academic Advising for Upperclassmen

Sophomore, Junior, and Senior students will be advised by a full-time faculty member at the College or our Director of Academic Advising, Dr. Christine Salmon. Students wishing to change their academic adviser should contact the Registrar’s Office in the Administration Building or online.

Academic Advising for Transfer Students

Transfer students will either be assigned to a faculty member as their academic adviser by the Registrar or will work with our Director of Academic Advising, Dr. Christine Salmon.

The Student Success Center (SSC)

The Student Success Center houses Kentucky Wesleyan’s academic support services for students. Located in The Winchester Center, the Center enjoys a centrally located space in a high-traffic area. Staff there, both professional and peer, strive to assist students academically by offering academic support resources and programs. Student Success Center services include one-on-one peer tutoring, faculty tutoring, provision of Supplemental Instructors for courses with below target course completion rates, arrangement of group study sessions, writing assistance, and study skills assistance. Throughout the school year, the Student Success Center offers free workshops to all Wesleyan students, about a variety of academic topics.

Online Distance Support

ODC students may contact the Student Success Coach in the Student Success Center who will work with them to connect with appropriate campus resources, including writing support and tutoring. All study skills materials provided by the Center in any workshops are available on the Student Success Center page in BrightSpace. The SSC also offers one-on-one appointments to any student struggling with time management, organizational skills, effectively using textbooks, etc. All of these services are available to ODC students via email, phone, or Skype.

Programming

A Student Success Series Workshop, providing instruction about a specific study skill, is presented most weeks. Students leave the workshop with new reference material that is also available any time for pick-up. Topics include time management, organization, test strategies, concentration,

motivation, anxiety, selection of main idea, use of academic resources, self-testing, and information processing. Videos are also provided online at the SSC Brightspace page about all topics above, executive function, writing, and math skills.

First Year Experience (FYE)

The first year at college can be challenging as students seek to be successful both in and out of the classroom. FYE programming is provided to help students learn about topics essential to their holistic success. Past topics have included Managing Stress, Finding a Third Place, and Avoiding the Freshmen Fifteen. This year's theme will be relationships and there will be presentations by Counseling Services, the Office of Diversity and Inclusion, and Campus Ministries.

First-Gen Programming

About 40% of Wesleyan Students are the first person in their family to attend college. As such, the College has a First-Gen Committee that provides support and plans activities to meet the unique needs of this population. Need information about First-Gen support? Stop by the Student Success Center.

Learning and Study Skills Inventory

Before attending New Student Orientation, all new traditional freshman students complete the Learning and Study Strategies Inventory (LASSI). The LASSI is a national instrument used at over 3000 United States colleges and universities. Students answer 60 questions related to ten different scales, each one of which is an important factor in student success: time management, organization, test strategies, concentration, motivation, anxiety, selection of main idea, use of academic resources, self-testing, and information processing. Students may print their results immediately upon completion. Students are encouraged to attend the corresponding workshops in the Student Success Center during the fall semester for scales where they score a 49 or lower.

Career Development

Career Development, located in the Faculty Office Building Room 14, assists students with preparing for life after Wesleyan by offering support and resources for students, faculty, staff and alumni. Career Development is a process that begins the moment you walk onto campus for your first semester. The Career Development Office supports this process by providing information and guidance on career related topics for all stages, beginning with "what should I major in" through "I'm an alumnus and I need to change careers." Career information and skills assessments are available to help students prepare for their summer job, part-time job, internship, full-time job search and/or graduate school application process. On-campus events offered include: Business Etiquette Dinner, Speed Mock Interviews and Networking, the fall Graduate School, Volunteer, and Study Abroad Fair, the Spring Career Fair, as well as other events. Beginning with the class of 2023, students are encouraged to participate in the four-year career and skill development program, The Wesleyan Edge. The Wesleyan Edge establishes a structure of activities into a comprehensive program designed to prepare you for your future. In addition to presentations and events, individual appointments are highly recommended and encouraged.

Rights and Responsibilities

Joint Statement on Rights and Freedoms of Students

In June 1967, a joint committee, comprising representatives from the American Association of University Professors, the United States National Student Association (now the United States Student Association), the Association of American Colleges, the National Association of Student Personnel Administrators, and the National Association of Women Deans and Counselors (now the National Association for Women in Education), formulated the “Joint Statement.” The joint statement was endorsed by each of its five national sponsors, as well as by a number of other professional bodies. The governing bodies of the Association of American Colleges and the American Association of University Professors, acting respectively in January and April 1990, adopted several changes in language in order to remove gender-specific references from the original text.

In September 1990 and September 1991, an interassociation task force met in Washington, D.C., to study, interpret, update, and affirm (or reaffirm) the joint statement. Members of the task force agreed that the statement has stood the test of time quite well and continues to provide an excellent set of principles for institutions of higher education. As the 25th anniversary of the joint statement approached (1992), the task force developed a set of interpretive notes to reflect changes in law and higher education that occurred after 1967. These interpretive notes are referenced within the original text.

Preamble

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth. Institutional procedures for achieving these purposes may vary from campus to

campus, but the minimal standards of academic freedom of students outlined below are essential to any community of scholars.

Freedom to teach and freedom to learn are inseparable facts of academic freedom. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community.¹ Students should exercise their freedom with responsibility.

The responsibility to secure and to respect general conditions conducive to the freedom to learn is shared by all members of the academic community. Each college and university has a duty to develop policies and procedures, which provide and safeguard this freedom. Such policies and procedures should be developed at each institution within the framework of general standards and with the broadest possible participation of the members of the academic community. The purpose of this statement is to enumerate the essential provision for student freedom to learn.

I. Freedom of Access to Higher Education

The admissions policies of each college and university are a matter of institutional choice provided that each college and university makes clear the characteristics and expectations of students, which it considers relevant to success in the institution's program. While church related institutions may give admission preference to students of their own persuasion, such a preference should be clearly and publicly stated. Under no circumstances should a student be barred from admission to a particular institution on the basis of race. Thus, within the limits of its facilities, each college and university should be open to all students who are qualified according to its admission standards. The facilities and services of a college or university should be open to all of its enrolled students, and institutions should use their influence to secure equal access for all students to public facilities in the local community.

II. In the Classroom

The professor in the classroom and in conference should encourage free discussion, inquiry, and expression. Student performance should be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.

A. Protection of Freedom of Expression

Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.

B. Protection Against Improper Academic Evaluation

Students should have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

C. Protection Against Improper Disclosure

Information about student views, beliefs, and political associations, which professors acquire in the course of their work as instructors, advisers, and counselors should be considered confidential. Protection against improper disclosure is a serious professional obligation. Judgments of ability and character may be provided under appropriate circumstances, normally with the knowledge or consent of the student.

III. Student Records

Institutions should have a carefully considered policy as to the information, which should be part of a student's permanent educational record and as to the conditions of its disclosure. To minimize the risk of improper disclosure, academic and disciplinary records should be set forth in an explicit

policy statement. Transcripts of academic records should contain only information about academic status. Information from disciplinary or counseling files should not be available to unauthorized persons on campus, or to any person off campus without the express consent of the student involved except under legal compulsion or in cases where the safety of persons or property is involved. No records should be kept which reflect the political activities or beliefs of students. Provisions should also be made for periodic routine destruction of noncurrent disciplinary records. Administrative staff and faculty members should respect confidential information about students that they acquire in the course of their work.

IV. Student Affairs

In student affairs, certain standards must be maintained if the freedom of students is to be preserved.

A. Freedom of Association

- Students bring to the campus a variety of interests previously acquired and develop many new interests as members of the academic community. They should be free to organize and join associations to promote their common interests.
- The membership, policies, and actions of a student organization usually will be determined by vote of only those persons who hold bona fide membership in the College or university community.
- Affiliation with an extramural organization should not of itself disqualify a student organization from institutional recognition.
- If campus advisers are required, each organization should be free to choose its own adviser, and institutional recognition should not be withheld or withdrawn solely because of the inability of a student organization to secure an adviser. Campus advisers may advise organizations in the exercise of responsibility, but they should not have the authority to control the policy of such organization.
- Student organizations may be required to submit a statement of purpose, criteria for membership, rules of procedures, and a current list of officers. They should not be required to submit a membership list as a condition of institutional recognition.
- Campus organizations, including those affiliated with an extramural organization, should be open to all students without respect to race, creed, or national origin, except for religious qualifications, which may be required by organizations whose aims are primarily sectarian.

B. Freedom of Inquiry and Expression

- Students and student organizations should be free to examine and discuss all questions of interest to them, and to express opinions publicly and privately. They should always be free to support causes by orderly means, which do not disrupt the regular and essential operation of the institution. At the same time, it should be made clear to the academic and the larger community that in their public expressions or demonstrations, students or student organizations speak only for themselves.
- Students should be allowed to invite and to hear any person of their own choosing. Those routine procedures required by an institution before a guest speaker is invited to appear on campus should be designed only to ensure that there is orderly scheduling of facilities and adequate preparation for the event, and that the occasion is conducted in a manner appropriate to an academic community. The institutional control of campus facilities should not be used as a device of censorship. It should be made clear to the academic and larger community that sponsorship of guest speakers does not necessarily imply approval or endorsement of the views expressed, either by the sponsoring group or by the institution.

C. Student Participation in Institutional Government

As constituents of the academic community, students should be free, individually and collectively, to express either views on issues of institutional policy and on matters of general interest to the student body. The student body should have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs. The role of student government and both its general and specific responsibilities should be made explicit, and the actions of student government within the areas of its jurisdiction should be reviewed only through orderly and prescribed procedures.

D. Student Publications

Student publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. They are a means of bringing student concerns to the attention of the faculty and the institutional authorities and of formulating student opinion on various issues on the campus and in the world at large.

Whenever possible, the student newspaper should be an independent corporation financially and legally separate from the college or university. Where financial and legal autonomy is not possible, the institution, as the publisher of student publications, may have to bear the legal responsibility for the contents of the publications. In the delegation of editorial responsibility to students, the institution must provide sufficient editorial freedom and financial autonomy for the student publications to maintain their integrity of purpose as vehicles for free inquiry and free expression in an academic community.

Institutional authorities, in consultation with students and faculty, have a responsibility to provide written clarification of the role of the student publications, the standards to be used in their evaluation, and limitations on external control of their operation. At the same time, the editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and techniques of harassment and innuendo. As safeguards for the editorial freedom of student publications the following provisions are necessary.

- The student press should be free of censorship and advance approval of copy, and its editors and managers should be free to develop their own editorial policies and news coverage.
- Editors and managers of student publications should be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes should editors and managers be subject to removal and then by orderly and prescribed procedures. The agency responsible for the appointment of editors and managers should be the agency responsible for their removal.
- All institutionally published and financial student publications should explicitly state on the editorial page that the opinions there expressed are not necessarily those of the college, university, or student body.

Off-Campus Freedom of Students

A. Exercise of Rights of Citizenship

College and university students are both citizens and members of the academic community. As citizens, students should enjoy the same freedom of speech, peaceful assembly, and right of petition that other citizens enjoy and, as members of the academic community, they are subject to the obligations, which accrue to them by virtue of this membership. Faculty members and administrative officials should ensure that institutional powers are not employed to inhibit such intellectual and personal development of students as is often promoted by their exercise of the rights of citizenship both on and off campus.

B. Institutional Authority and Civil Penalties

Activities of students may, upon occasion, result in violation of law. In such cases, institutional officials should be prepared to apprise students of legal counsel and may offer other assistance. Students who violate the law may incur penalties prescribed by civil authorities, but institutional authority should never be used merely to duplicate the function of general laws. Only where the institution's interests as an academic community are distinct and clearly involved should the special authority of the institution be asserted. Students who incidentally violate institutional regulations in the course of their off-campus activity, such as those relating to class attendance, should be subject to no greater penalty than would normally be imposed. Institutional action should be independent of community pressure.

VI. Procedural Standards in Disciplinary Proceedings

In developing responsible student conduct, disciplinary proceedings play a role substantially secondary to, for example, counseling, guidance, and admonition. At the same time, educational institutions have a duty and the corollary disciplinary powers to protect their educational purpose through the setting of standards of scholarship and conduct for the students who attend them and through the regulations of the use of institutional facilities. In the exceptional circumstances when the preferred means fail to resolve problems of student conduct, proper procedural safeguards should be observed to protect the student from the unfair imposition of serious penalties.

The administration of discipline should guarantee procedural fairness to an accused student. Practices in disciplinary cases may vary in formality with the gravity of the offense and the sanctions, which may be applied. They should also take into account the presence or absence of an honor code, and the degree to which the institutional officials have direct acquaintance with student life in general and with the involved student and the circumstances of the case in particular. The jurisdictions of faculty or student judicial bodies, the disciplinary responsibilities of institutional officials, and the regular disciplinary procedures, including the student's right to appeal a decision, should be clearly formulated and communicated in advance. Minor penalties may be assessed informally under prescribed procedures. In all situations, procedural fair play requires that a student charged with misconduct be informed of the nature of the charges and be given a fair opportunity to refute them, that the institution not be arbitrary in its actions, and that there be provision for appeal of a decision. The following are recommended safeguards in such proceedings when there are no honor codes offering comparable guarantees.

A. Standards of Conduct Expected of Students

The institution has an obligation to clarify those standards of behavior, which it considers essential to its educational mission and its community life. These general behavioral expectations and the resultant specific regulations should represent a reasonable regulation of student conduct, but students should be as free as possible from imposed limitations that have

no direct relevance to their education. Offenses should be as clearly defined as possible and interpreted in a manner consistent with the aforementioned principles of relevancy and reasonableness. Disciplinary proceedings should be instituted only for violations of standards of conduct formulated with significant student participation and published in advance through such means as a student handbook or a generally available body of institutional regulations.

B. Investigation of Student Conduct

Except under extreme emergency circumstances, premises occupied by students and the personal possessions of students should not be searched unless appropriate authorization has been obtained. For premises such as residence halls controlled by the institution, an appropriate and responsible authority should be designated to whom application should be made before a search is conducted. The application should specify the reasons for the search and the objects or information sought. The student should be present, if possible, during the search. For premises not controlled by the institution, the ordinary requirements for lawful search should be followed.

Students detected or arrested in the course of serious violations of institutional regulations, or infractions of ordinary law, should be informed of their rights. No form of harassment should be used by institutional representatives to coerce admissions of guilt or information about conduct of other suspected persons.

C. Status of Student Pending Final Action

Pending action on the charges, the status of a student should not be altered, or the student's right to be present on the campus and to attend classes suspended, except for reasons relating to the student's physical or emotional safety and well-being, or for reasons relating to the safety and well-being of other persons or property.

D. Hearing Committee Procedures

When the misconduct may result in serious penalties, and if a penalized student questions the fairness of disciplinary action, that student should be granted, on request, the privilege of a hearing before a regularly constituted hearing committee. The following suggested hearing committee procedures satisfy the requirements of procedural due process in situations requiring a high degree of formality.

- The hearing committee should include faculty members or students, or, if regularly included or requested by the accused, both faculty and student members.
- No member of the hearing committee who is otherwise interested in the particular case should sit in judgment during the proceeding.
- The student should be informed, in writing, of the reasons for the proposed disciplinary action with sufficient particularity, and in sufficient time, to ensure opportunity to prepare for the hearing.
- The student appearing before the hearing committee should have the right to be assisted in his or her defense by an adviser of the student's choice
- The burden of proof should rest upon the officials bringing the charge.
- The student should be given an opportunity to testify, to present evidence and witnesses, and to hear and question adverse witnesses. In no case should the committee consider statements against the student unless he or she has been advised of their content and of the names of those who made them, and has been given an opportunity to rebut unfavorable inferences, which might otherwise be drawn.
- All matters upon which the decision may be based must be introduced into evidence at the proceeding before the hearing committee. The decision should be based solely upon such matters. Improperly acquired evidence should not be admitted.

- In the absence of a transcript, there should be both a digest and a verbatim record, such as a tape recording, of the hearing.
- The decision of the hearing committee should be final, subject only to the student's right of appeal to the appellate board or President of the College (in cases of violation of the Panther Promise).

- 1) In order to protect the freedom of students to learn, as well as enhance their participation in the life of the academic community, students should be free from exploitation or harassment.
- 2) In order to make appropriate choices and participate effectively in an institution's programs, students have the right to be informed about the institution, its policies, practices, and characteristics. Institutions preparing such information should take into account applicable federal and state laws.
- 3) The reference to race must not be taken to limit the nondiscrimination obligations of institutions. In all aspects of education, students have a right to be free from discrimination on the basis of individual attributes not demonstrably related to academic success in the institution's program, including but not limited to race, color, gender, age, disability, national origin, or sexual orientation. When colleges and universities determine that achieving diversity within the student body is relevant to their academic mission, their admissions decisions may consider, among several stated criteria, individual attributes that otherwise would be prohibited (see, e.g., Regents of the University of California v. Bakke, 438 U.S. 265 [1978]).
- 4) The student grievance procedures typically used in these matters are not appropriate for addressing charges of academic dishonesty or other disciplinary matters arising in the classroom. In these instances, students should be afforded the safeguards of orderly procedures consistent with those set forth in Section VI below.
- 5) The Family Educational Rights and Privacy Act (FERPA) provided for the protection of student records. Consistent with FERPA, institutions should have a statement of policy on the content of a student's educational record as well as the conditions for its disclosure. Institutions should also have policies and security practices to control access to student records that may be available or transmitted electronically.
- 6) As in the case of classroom matters, students should have protection through orderly procedures to assure this freedom.
- 7) "Institutional recognition" should be understood to refer to any formal relationship between the student organization and the institution.
- 8) The obligation of institutions with respect to nondiscrimination, with the exception noted above for religious qualifications, should be understood in accordance with the expanded statement on nondiscrimination in interpretive note #3 above. Exceptions may also be based on gender as authorized by law.
- 9) The events referred to in this section should be understood to include the full range of student-sponsored activities such as films, exhibitions, and performances.
- 10) "Academic and student affairs" should be interpreted broadly to include all administrative and policy matters pertinent to students' educational experiences.
- 11) The student conduct that may be subject to disciplinary proceedings described in this section should be understood to include alleged violations of standards of student academic integrity.
- 12) In addition, student organizations as well as individual students may be subject to institutional disciplinary sanctions, and in those circumstances, student organizations should also be guaranteed procedural fairness.
- 13) Like other practices in disciplinary cases, the formality of any appellate procedures should be commensurate with the gravity of the offense and the sanctions that may be imposed.

- 14)The institution should state as specifically as possible the sanctions that may be imposed through disciplinary proceedings.
- 15)This provision is intended to protect students' rights under both institutional codes and applicable law. Where institutional regulations are violated, students should be informed of their rights under campus disciplinary procedures. Where arrests are made for infractions of the law, students must be informed of their rights by arresting authorities.
- 16)The original text stated, "relating to the safety and well-being of students, faculty, or university property."
- 17)The student should also be informed of the specific sanctions, which may be imposed through the disciplinary proceeding.
- 18)As a matter of responsible practice, the decision of the committee, as well as grounds and procedures for appeal, should be communicated to the student in writing within a reasonable period of time.

Student Code of Conduct

Kentucky Wesleyan College expects that excellence in conduct is the goal of each student, and it anticipates that students will be sufficiently mature to conduct themselves according to the standards, laws and customs of the Kentucky Wesleyan community and to act in such a manner that will reflect credit upon the College.

It is not realistic to assume that every student will live entirely under self-discipline; therefore, provisions exist for handling situations that violate the regulations and principles of the College. It is your responsibility to acquaint yourself with these rules and abide by them. In order to conform to civil law, institutional policy and principles underlying College policies for student life, certain actions are prohibited. Failure to comply will result in disciplinary action. Some actions may constitute a violation of Title IX of the Education Amendments of 1972, 20 U.S.C. §§ 1681-1688. See KWC's Title IX policy to determine if applicable.

Every member of the Kentucky Wesleyan College community is expected to conduct himself/herself in a manner which is supportive of and which does not impair the development of any other member of the community. To this end, the College has established a student conduct system that includes provision for disciplinary conferences, a Student Conduct hearing board, and a Board of Appeals.

The following are considered violations of the Code of Conduct and will be referred to the appropriate board or individual. The list is not intended to be all-inclusive. For the protection and welfare of each member of the community, the College, through the Dean of Student Services, reserves the right to appeal decisions of the student conduct boards in these matters.

The Student Code of Conduct may be applied to behavior conducted online, via email or other electronic medium. Students should also be aware that online postings such as blogs, web postings, chats and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. Kentucky Wesleyan College does not regularly search for this information but may take action if and when such information is brought to the attention of Kentucky Wesleyan College officials.

Note: In cases where more than one violation has occurred because of an incident, sanctions will likely increase in severity. The sanctions listed are guidelines. However, all cases are treated on an individual basis. The student conduct officers, and boards do have authority to determine any sanctions they feel appropriate. Thus, in some instances, sanctions assigned to individuals may vary. Sanctions increase in severity when there are prior violations; all prior violations during the student's enrollment will be taken into consideration for sanctioning. Students should note that these rules and regulations apply to behavior that occurs on or off campus, except where indicated. Enrolled students may petition in writing to the Dean of Student Services to expunge their record of minor violations after a one-year period without additional violations. Expunged records will contain the student's letter of request for expungement. Otherwise, records are maintained for seven years after the student graduates or leaves Kentucky Wesleyan, in accordance with the policy on records retention).

It requires an underlying criminal act – e.g., criminal homicide, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property — where such crime manifests evidence that the target was intentionally selected because of the respondent’s bias related to the target’s actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity, national origin and/or disability or other classification protected by applicable law.

All students are required to abide by all published College policies and by the laws of the local, state, and national governments and are subject to student conduct action through College processes, as well as possible criminal or civil charges, for violation of any of the laws or policies. The College reserves the right to take action against students for off-campus incidents when behavior off campus affects the College and/or the image of the College.

22. Alcoholic Beverages

Wesleyan prohibits the possession and/or use of alcohol and display of alcoholic beverage containers (either full or empty) on College property or at College-sponsored functions, regardless of a student’s age. Sanctions

Any overdue or uncompleted sanctions will result in a referral to the Dean of Student Services for additional disciplinary consideration.

Any student who plans to enter a plea of being in-violation is encouraged to propose a constructive educational task to be considered by the board or officer hearing the case.

1. **Educational Sanctions**

The hearing body may choose to assign an educational project or task to be completed. Some examples of these sanctions include web-based modules, papers, written apologies, book reports, and program plans and implementation.

2. **Campus Service Hours**

Campus Service Hours are intended to benefit the individual and the campus (such as a volunteer service-related activity). Campus Service Hours will often be accompanied by a reflection paper written by the student.

3. **Loss of Visitation**

When a student loses visitation privileges: the student may not have members of the opposite gender in their room, (either as guests or by being in the room when guests of a roommate are present), nor may the student be a guest in rooms of members of the opposite gender. Students may not visit opposite gender residence halls.

4. **Fines**

Students may be required to pay a reasonable sum of money as a sanction.

5. **Restitution**

Reimbursement for damage to person or property or misappropriation of property, either through appropriate repairs or monetary compensation, may be imposed as a sanction.

6. **Alcohol Education Class**

Students found responsible for violating the Kentucky Wesleyan College Alcohol Policy may be required to attend alcohol education classes or complete an online alcohol education module. Students found responsible for subsequent alcohol violations may be required to complete a professional assessment (at their own cost), follow recommendations of a local substance abuse specialist, and release information to the College.

7. **Referral for Counseling**

If, in the opinion of the Student conduct Officer/Board, a student involved in a disciplinary situation will best be served by counseling, the student may be required to attend counseling sessions with a counseling professional on/off campus. The student will be responsible for all fees incurred by contracting the services of an independent professional.

8. **Residence Hall Relocation**

A recommendation to the Dean of Student Services that the student be required to move to another room, residence hall, or residence area because of their lack of willingness to live within the rules of their present residence hall community. This sanction will be recommended in situations where

the board or officer feels the individual would benefit from a change of environment in order to conform to acceptable group-living standards.

9. Loss of Housing Privileges

A recommendation to the Dean of Student Services that a student lose their privilege of residing in College-owned housing as part of an imposed sanction. If a student loses College housing privileges, a letter will be sent to their parents (if financially responsible) notifying them of their housing status. Students removed from housing will not receive a prorated return based upon date of removal. Student athletes receiving athletic scholarships may also lose support if removed from housing.

10. Official Reprimand

The Official Reprimand is a written notification to a student indicating that they have been found responsible for violating a policy, that the behavior was inappropriate, and that any other violations of College regulations for which the student is found responsible will result in a more severe disciplinary action. In addition, if the student does not meet any special stipulations associated with the sanction, further action will be taken, which may include suspension. The Official Reprimand normally remains in effect for one full calendar year. If there are no additional violations during that year, the Official Reprimand will expire.

11. Warning

A warning status imposed for a specific time period (at least one calendar year) during which a student is expected to show a positive change in behavior. If the student does not meet any stipulation associated with the Warning or if they are found responsible for other or subsequent violations of College policy, regulation or law, they will be automatically placed on Probation and may also face suspension from the College depending on the severity of the violation. A student on Warning is considered to be on marginal conduct standing.

12. Probation

A probationary status imposed for a specific time period during which a student is expected to show a positive change in behavior. Furthermore, if the student does not meet any special stipulation associated with the probationary standing or if they are found responsible for any other rule, regulation, or law, they will be suspended from the College. A student on probation is not considered to be in good conduct standing.

- a. Specific Probation: a student placed on specific Probation will be suspended from Kentucky Wesleyan for conviction of a second offense in the violation category during the time of Probation. The suspension may be immediate or deferred at the discretion of the Dean of Student Services.
- b. General Probation: a student placed on general Probation will be suspended from Kentucky Wesleyan for conviction of any student conduct or honor offense during the time of Probation. The suspension may be immediate or deferred at the discretion of the Dean of Student Services

13. Disciplinary Suspension

The removal of a student from the College for a period of time; suspension permits the student to apply for readmission at the end of the sanction imposed. While a student is suspended, they are not to return to the campus, grounds, programs, facilities, and activities of the College without written permission from the Dean of Student Services. If the student returns to the campus without written permission during the time period for which they have been suspended, their eligibility to

return to Kentucky Wesleyan may be threatened. A student who is suspended is not eligible for any financial refund or credit from the College. Suspended students will receive a WP or WF depending on their level of performance in each class. Note: Students who accrue an inordinate amount of conduct violations while enrolled at the College may also be eligible for suspension.

- a. Deferred Suspension: a student may be permitted to complete the current semester and be suspended for the next regular academic term or longer if they fail to meet a specific set of requirements set forth by the Student Conduct Hearing Board (for example: community service related to the violation, counseling, educational sanctions).
- b. Delayed Suspension: a student may be permitted to complete the current semester and be suspended for the next regular academic term.
- c. Immediate Suspension: suspension from the College for the remainder of the semester or longer.

14. Immediate Interim Suspension

In the event a student's actions demonstrate that their continued presence at the College constitutes a danger to property, the student, or to others, the student may be placed on immediate interim suspension, pending a student conduct proceeding, finding, and final sanction.

15. Permanent Separation

Permanent removal from the College. Conditions related to presence on campus, financial refund, and course withdrawals apply as described under Disciplinary Suspension above.

16. Any other sanction appropriate to the violation

Suggested Sanctions for Code of Conduct Violations

The following penalties are the minimal suggested sanctions for each of the following Code of Conduct violations. Penalties may include, but are not limited to, the suggestions listed below. All prior violations during the student’s enrollment will be considered when sanctions are determined, as will the period of time that has elapsed since those violations. Every sanction should include an educational component. Any modifications to the sanctions by the Student Conduct Hearing Board must be approved by the Dean of Student Services before being communicated to the student. A summary explanation of these codes follows.

*Students are responsible for the cost of required off-campus assessments.

**According to federal law, students who are convicted on drug charges in the criminal courts will also lose federal financial aid awards for the period of their sentence.

NOTE: Consideration of prior violations will include information about Campus Citations the student has received from the Police Department, as well as the length of time that has elapsed since the prior incidents.

The Student Conduct System

Process for Handling Complaints

Any member of the College community may file a written complaint of alleged violations with the Student Services Office. The Office reserves the right to gather additional information before proceeding.

The Student Services Office will designate a Hearing Officer who will notify all implicated students of possible violations. Students are required to meet with the Hearing Officer for a disciplinary conference as quickly as possible after receiving this notification. The purpose of this meeting is to inform the student of the complaint, determine if there is a basis for further action, advise the student of the student conduct process, and explain the student's rights and options. Undue delay or failure to respond will result in further disciplinary action.

If, in the judgment of the Hearing Officer, the information warrants no further action, the complaint may be filed **For Information Only**. However, if additional information becomes available or a future incident occurs, the Hearing Officer may then take further disciplinary action.

Student Option

If the information from an initial meeting or written incident report indicates that the student is clearly responsible of a policy, and the violation is a minor or first time offense, then the Hearing Officer may offer a “**Student Option**” in which the involved student is offered through a letter or conduct conference the opportunity to accept responsibility for the violation and accept the designated sanction(s). If offered through a letter, the involved student is then not required to meet with the Hearing Officer concerning this violation. The Student Option may be taken only when a student agrees to plead responsible to an offense, which is their first in a particular category (and the student is not under prior conduct status such as Warning or Probation) and further agrees to accept a sanction(s) as prescribed by the Hearing Officer. If the student does not accept responsibility for the violation or declines to accept the assigned sanction(s), then the student is required to meet with the Student Conduct Hearing Board concerning the matter. Failure of the student to contact the Hearing Officer in the time allotted will be understood as acceptance of responsibility and sanction(s). If no standard penalty exists, the violation is unusually serious, or the student does not accept responsibility and plead responsible, automatic referral may be made to a hearing board or administrative hearing. In any case, the Hearing Officer has the discretion to refer the violation to The Student Conduct Board; the student also has the right to request a hearing.

Referral to Hearing and Student Rights

Hearings may be conducted by the Student Conduct Board. In all cases that go to a hearing, procedural fair play includes the following **student rights**: that the student be informed in writing, usually two days prior to the student conduct proceedings, of the reasons for the proposed student conduct action against them, that they be given a fair opportunity to hear and raise questions for all witnesses and about the evidence against them, that the hearing bodies not be arbitrary in their actions, and that there be provision for appeal of a decision. The decision of the Student Conduct Board is final, subject only to the student's right of appeal.

During the exam week and the summer session, the Dean of Student Services shall be responsible for adjudicating all student conduct matters unless a Student Conduct Board can be assembled.

Decisions of the Board are confidential. The Dean of Student Services reserves the right to release decisions in those cases that they deem to be in the best interest of the College or student(s) involved and/or as required by law.

Student Conduct Board

This board will be established so that a body of College faculty and/or staff and students may hear a student's case. Hearings may be conducted with no less than three members plus a chair. Hearings of the board are closed. If a student wishes to appeal a decision of the board, they must do so within three business days and in writing to the Dean of Student Services.

Board of Appeals

A student may appeal a Student Conduct Board's decision. In cases where an impacted party has been identified by a Hearing Officer, that individual also has a right to appeal the decision. An appeal must be submitted via a written or emailed letter within three (3) business days after the Conduct Board's decision is sent. Once an appeal is submitted it is forwarded to the Appeals Board. For violations of the Panther Promise (COVID-19 policies), the President of the College will serve as the appellate body. The Conduct Board's decision is considered final if an appeal is not submitted within the specified time. Appellate hearings may be conducted with no fewer than three members and will include only College faculty and staff. Decisions by the Board of Appeals or the President of the College are final.

Appeals

Grounds for an appeal of a student conduct decision must be based on one of three arguments:

1. A violation of rights occurred as a result of the manner in which the hearing was established and conducted;
2. The sanction assigned is inappropriate for the violation involved;
3. New evidence has surfaced or a witness has come forward that could directly affect the outcome of the hearing.

An appeal is not a rehearing of the complaint based upon a disagreement with the finding of the hearing body. By a simple majority vote, the appellate body may uphold the original decision and sanctioning, uphold the decision and revise sanctioning, or overrule the original decision and sanctioning.

Hearing Guidelines

1. Hearings shall be conducted in private with only the participants and advisors present.
2. In hearings involving more than one accused student, the Dean of Student Services, at their discretion, may permit hearings concerning each student to be conducted separately.
3. The Boards, at the discretion of the Dean of Student Services and advisors, may accept pertinent records, exhibits, and written statements as evidence for consideration.
4. A student may bring an advisor of their choice to the hearing, provided the advisor is a member of the College community. Attorneys may not serve as advisors; attorneys may be present to observe only if a student is charged with a serious crime and is charged off campus with the same offense. Advisors are not permitted to address any participants in the hearing other than the person whom they are advising in the presentation of their case. The Dean of Student Services shall be notified by the accused student (or complainant) at least 24 hours prior to the hearing that the student plans to have an advisor present. If the advisor speaks out of turn to the Board or anyone other than their advisee, the Dean of Student Services can remove them from the hearing.
5. A student may present witnesses to testify on their behalf. Witnesses can give testimony directly relevant to the specific, alleged violations or speak on the student's character. Written statements rather than personal testimony may be permitted, and when they are, it is only at the discretion of the Dean of Student Services. It is the responsibility of the respondent student and the complainant to request that any witnesses other than those

officially summoned be present at the hearing. The Dean of Student Services shall be notified 24 hours in advance of the hearing of any witnesses requested to be present.

6. All procedural questions are subject to the final decision of the Dean of Student Services.
7. In the event that the respondent student does not appear for the hearing at the appointed time, the hearing may still be conducted, at the discretion of the Dean of Student Services, and the accused student will be considered to have waived their right to be heard.
8. After the hearing, the Board shall determine (by majority vote) whether the student has violated any section of the Code of Conduct that the student is charged with violating.
9. The Board's decision shall be made on the basis of the preponderance of the evidence as it relates to a violation of the Code.
10. If, during the course of the hearing, information is presented which indicates that the respondent is responsible for violations of the Code of Conduct in addition to those with which they were charged, the Board may find the student responsible for such violations and sanction the student accordingly. In such a case, the student has the right, through the appeal process, to ask for a full hearing on any such charges so that they can appropriately prepare for the hearing.
11. The Boards may discipline a student who in any way seeks to obstruct the internal conduct process, such as refusing to appear at a hearing, lying to the Board, etc.

Order of Events at the Hearing

1. Introduction by the Dean of Student Services of all participants.
2. Review of the respondents' and complainant's basic rights.
3. Reading of the complainant's statement and the alleged violation resulting from the statement.
4. The respondent shall indicate that they agree or do not agree that they violated the Code of Conduct.
5. The complainant makes an opening statement, adding anything pertinent to the written statement.
6. The respondent makes an opening statement.
7. The Board questions the complainant and/or the respondent. The complainant may raise questions through the Dean of Student Services for the accused student; the respondent may raise questions through the Dean of Student Services for the complainant.
8. Witnesses are brought into the hearing individually to present their statements. First, witnesses requested by the respondent will be heard. The witness shall make their statement, and answer questions from the Board, the complainant, and the respondent.
9. The complainant makes a closing statement.
10. The respondent makes a closing statement.
11. The Board shall have the last opportunity for questions.
12. The Board shall enter closed deliberations for its decision. The respondent and the complainant will be informed when a decision is reached.

Completion of Sanctions

Students accepting responsibility for violations and those found responsible through the student conduct system are responsible for completing all sanctions imposed, by the deadlines given. Unless an extension has been granted in writing by the Dean of Student Services, failure to complete sanctions will be considered Failure to Comply, and additional charges may result. If a student has been placed on Probation, failure to comply with sanctions will result in Disciplinary Suspension. Any unpaid fines will be charged to the student account, and uncompleted Community Service Hours will convert to monetary fines at the rate of \$20/uncompleted hour. If a student leaves Kentucky Wesleyan before

non-monetary sanctions are completed, and later applies for and is granted readmission, sanctions will be reinstated upon the student's return and new deadlines will be given. If a student leaves Kentucky Wesleyan with a conduct status sanction in effect (Official Reprimand or other conduct status), the status will be reinstated upon the student's return.

Status of a Student During an Appeal

The sanction imposed as a result of the original hearing shall not be in effect at such time as an appeal is requested and during the time prior to an appeal hearing. However, a student who is suspended or expelled from the residence halls or the College must abide by that sanction, unless granted permission by the Dean of Students to remain in the residence halls and/or classes until such time as a decision is reached by the Appeals Board. A student who is directed not to have contact with another individual must also abide by that sanction until the appeal is acted on unless specific permission to the contrary is granted by the Dean of Student Services.

Withdrawal in Lieu of Facing a Hearing

1. Under certain conditions, the Dean of Student Services could agree that a student charged with an offense may withdraw from the College rather than face a student conduct hearing. A student must request such an option in writing (having cleared all outstanding account balances) and must stipulate that the petition is voluntary.
2. A student withdrawing in lieu of facing a student conduct hearing must have the clearance of the Dean of Students before they may apply for readmission to the College. Charges will be reinstated upon the student's return if they are re-accepted to the College.

NOTE: In cases where the respondent simply leaves the College prior to the hearing date, the hearing will be postponed until the student returns to Kentucky Wesleyan. Should a student charged with an offense never return to Kentucky Wesleyan, the charge will be dismissed when the student file is discarded. In cases involving local, state, or federal laws, the proper authorities will be notified and the information will be provided to them. In cases where the witness or complainant leaves the College prior to the hearing, reasonable effort will be made to inform the witness or complainant of the hearing date and expectations. If the complainant or witness cannot be contacted, or chooses not to testify, the Dean of Student Services will determine whether or not to proceed with the hearing. If no hearing is held, the charge against the respondent will be cleared from the student's record.

Policies and Procedures

Alcohol & Drug Use/Abuse Policy & Program

As a church-related, Christian college, the College is concerned about the health and well-being of its students and recognizes the health hazards involved with the use of alcohol and illicit drugs. In an attempt to deter students from using alcohol and illicit drugs, the College has adopted the following policies.

The Drug-Free Schools and Communities Act and Drug and Alcohol Abuse Prevention Regulations (Education Department General Administrative Regulations), notes that no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless the institution certifies to the Secretary that the institution has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. In response, KY Wesleyan College has adopted and implemented program and policies to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

Information on Preventing Drug and Alcohol Abuse

The College assists in drug education and prevention programs to inform and encourage students to refrain from the use of alcohol and other drugs.

- All new full-time students participate in the THINK FAST GAME SHOW, giving them initial exposure to the expectations of student conduct and the serious effects of substance abuse. Activities are provided to establish involvement and connection to campus, while promoting alcohol and drug free choices.
- Focus on awareness with such programs as Alcohol Awareness Week promoted by Student Government is a joint effort involving students, faculty, and staff, as well as KY State Police and River Valley, a local mental health facility. “Drunk Goggles” that also address driving distraction are part of this program.
- KY Wesleyan is a smoke free campus.
- Guest sign in procedures are in place to monitor residence hall activity
- Alcohol and drug free alternative activities /programs are offered 2-3xs a month. These activities include midnight movies at a local theater and numerous chaperoned trips to athletic events. Sophomores engage in the “Sophomore Experience” for monthly adventures to various resorts and community non-profit organizations as volunteers.

Information pertaining to the legal sanctions under Kentucky state law for the unlawful possession of distribution of illicit drugs and alcohol; the health risks associated with the use of illicit drugs and the abuse of alcohol; and drug and alcohol abuse counseling programs available to students are also included in this policy.

Possession and/or Use of Alcohol Beverages and Containers

Wesleyan prohibits the possession and/or use of alcoholic beverage containers (either full or empty), and the possession, use and/or distribution of illegally-obtained prescription drugs or illicit drugs or drug paraphernalia on College property or at College-sponsored functions, regardless of a student’s age. Students may also be referred to the civil authorities for the unlawful possession of alcoholic beverages on College property or at College-sponsored functions.

Possession, Use and/or Distribution of Illicit Drugs or Drug Paraphernalia

Students involved with the possession and/or use of illegally obtained prescription drugs or illicit drugs or drug paraphernalia on College property or at College-sponsored student functions are subject to the sanctions listed in the student conduct section.

Students may also be referred to the civil authorities for the unlawful possession and/or use of illicit drugs on College property or at College-sponsored student function.

Students involved in the distribution of illicit drugs on College property or at College sponsored student functions will be expelled from the College in addition to being referred to the civil authorities.

PLEASE NOTE: Presence of articles may be interpreted as actual possession of those articles. Students encountered in locations where drugs, alcohol, firearms, ammunition and explosives or other misconduct is evident will normally be considered in violation of the Code of Conduct or Residence Hall Regulations, even if they do not have the prohibited items on their person at the time they are encountered.

Health Risks

Substance abuse may result in a wide array of serious health and behavior problems. Substance abuse has both long and short-term effects on the body and the mind. In addition to the problem of toxicity, contaminant poisonings often occur with illegal drug use. HIV infection with intravenous drug use is a prevalent hazard.

Acute health problems may include heart attack, stroke, and sudden death, which can occur with first time cocaine users. Long lasting effects caused by drug and alcohol abuse can cause problems such as disruption of normal heart rhythm, high blood pressure, bleeding and destruction of brain cells, possible memory loss, infertility, impotence, immune system impairment, kidney failure, cirrhosis of the liver, and pulmonary damage. Drug use during pregnancy may result in fetal damage and birth defects causing hyperactivity, neurological abnormalities, and developmental difficulties.

Good Samaritan Policy

Kentucky Wesleyan College encourages students to assist each other in times of need; the Good Samaritan Policy can be enacted when one student seeks needed medical care for another. If a student is with another student they perceive to be in danger and calls for medical aid, they will not be held accountable for violating the college alcohol policy. The college's main concern is getting the proper care for the student in need. Students should call for help and NOT drive anyone in need of medical attention. Most students are not trained to care for another student should they become ill or disruptive which could impact one's ability to drive safely. Students with or observing a student "in danger" are expected to seek medical attention. If a student is with another student who has had too much to drink and does not call for assistance, they will be held accountable with strict sanctions for "Behavior that Endangers the Health or Safety of Self and/or Others."

Example: Josh and Matt, both students, are drinking alcohol together. Matt becomes sick and is not responsive when Josh checks on him. Josh knows that Matt needs medical attention but is concerned that they may face sanctions because they both violated the college alcohol policy by consuming alcohol on campus. If Josh calls 911 to get medical help for Matt, Josh is protected by the Good Samaritan Policy.

Medical Safety Policy

When an individual receives emergency medical attention related to his or her consumption of alcohol, he/she will be required to immediately complete a substance abuse assessment within a reasonable amount of time as determined by the Office of Student Services (typically 24-72 hours) and participate in any recommended treatment.

As a part of the conduct process, and provided that the student did not commit any other egregious conduct violations, the student will not be subject to disciplinary suspension as a result of the alcohol violation but will receive other consequences.

Failure to complete the elements of the Medical Safety Policy will limit the student's continued eligibility. If there is a subsequent hospitalization, the College will review the incident on a case-by-case basis and reserves the right to handle each situation as deemed necessary.

Example: Josh and Matt, both students, are drinking alcohol together. Matt becomes sick and is not responsive when Josh checks on him. Josh knows that Matt needs medical attention but is concerned that they may face sanctions because they both violated the college alcohol policy by consuming alcohol on campus. If Josh calls 911 to get medical help for Matt, Matt is protected from suspension by the Medical Safety policy. However, Matt will most likely receive educational sanctions and/or be required to complete a substance abuse assessment.

Rehabilitation and Treatment Resources

Counseling services are available for all students through the Counseling Services Office, Barnard-Jones Administration Building, room 209B. Fees for these services are included in tuition costs; there is no additional charge to the student. All information shared with the counselor is considered strictly confidential. Call 270-852-3183 for an appointment.

Academic Changes

If a student wants to change their major, they should go to the Registrar's Office and fill out the appropriate form.

Audio Visual Requests

Many if not all of you have Audio Visual events for this semester. Please submit the requests for them as early as possible. **The requirement for basic A/V needs is a minimum of 72 hours in advance. And anything on a higher A/V Production Level (Such as stage lighting, Live Stream, or a large stage set up) will require the form to be submitted 2 weeks in advance with a meeting with the Director of AV to go over everything. If this is not met, your request will likely be declined.**

You can submit an Audio-Visual request on the "I am a student" page under "Audio Visual Requests."

Information Technology Appropriate Use

Background and Purpose

This document constitutes a college-wide policy for the appropriate use of all Kentucky Wesleyan computing and network resources. It is intended to provide effective protection of individual users, equitable access, and proper management of those resources. These guidelines are intended to supplement, not replace, all existing laws, regulations, agreements, and contracts which currently apply to those resources.

Access to Kentucky Wesleyan networks and computer systems is granted subject to College policies and local, state, and federal laws. Appropriate use should always be legal and ethical, reflect academic honesty and community standards, and show restraint in the consumption of shared resources. It should demonstrate respect for intellectual property; ownership of data; system security mechanisms; and individuals' rights to privacy, freedom of speech, and freedom from intimidation, harassment, and unwarranted annoyance. The College is not responsible for unacceptable or unethical use of the information technology environment including computer and computer networks or electronic communication system.

Appropriate Use

Appropriate use of information technology resources includes instruction; independent study; authorized research; independent research; and official work of the offices, units, recognized student and campus organizations, and agencies of the College.

Authorized use of Kentucky Wesleyan-owned or operated computing and network resources is consistent with the mission of the College, and consistent with this policy.

Authorized users are: Kentucky Wesleyan faculty, staff, and students.

In addition, a user must be specifically authorized to use a particular computing or network resource by the campus unit responsible for operating the resource.

Acceptable conduct in and use of this environment must conform with: existing College policies, guidelines, and codes of conduct; Kentucky Wesleyan's Web, Email, Intellectual Property and Information Resource Policies; and existing local, state and federal laws.

In making appropriate use of information resources you **MUST**:

1. Protect your userID from unauthorized use. You are responsible for all activities initiated under your userID.
2. Access only files and data that are your own, that are publicly available, or to which you have been given authorized access.
3. Be considerate in your use of shared resources. Refrain from monopolizing systems, overloading networks with excessive data, or wasting printer paper and other supplies.
4. Use the FACULTY, STAFF and/or STUDENT e-mail groups to communicate only college-related information, including notices about events, activities, sports competitions and general business/ academic information.

In making appropriate use of information resources you **MUST NOT**:

1. Use another person's files or data without permission.
2. Use computer programs to decode passwords or access control information.
3. Load software or data on the hard drive of any public access workstation.
4. Engage in any activity that might be harmful to systems or to any information stored therein, such as creating or propagating viruses, disrupting services, or damaging files.
5. Make or use illegal copies of copyrighted software or computer files (including music and video files), store such copies on College systems, or transmit them over College networks.
6. Use mail or message services to harass, intimidate, or otherwise annoy another person.
7. Use any e-mail group to distribute chain letters.
8. Use the FACULTY, STAFF and/or STUDENT e-mail groups for socializing, personal comments, etc. NOTE: Individual addresses should be used for personal messages and communications.
9. Use another person's userID and password.
10. Place on any College-owned or operated system information or software which
 - a. infringes upon the rights of another person;
 - b. is abusive, profane, or obscene; or
 - c. promotes a commercial enterprise or product.

Confidentiality and Privacy

Authorized access to data or information entails both privilege and responsibility, not only for the user, but also for the system administrator. In general, the College will treat information stored on computers as confidential. However, there is no expectation of privacy or confidentiality for documents and messages stored on College-owned equipment. Additionally, email and data stored on Kentucky Wesleyan's network of computers may be accessed by the College for the following purposes:

- Troubleshooting hardware and software problems.
- Preventing unauthorized access and system misuse.
- Retrieving business related information.
- Investigating reports of violation of this policy or local, state or federal law.
- Complying with legal requests for information.
- Rerouting or disposing of undeliverable mail.

To the greatest extent possible in a public setting, individuals' privacy should be preserved. However, privacy or confidentiality of documents and messages stored on College-owned equipment cannot be guaranteed. Users of electronic mail systems should be aware that, in addition to being subject to authorized access, electronic mail in its present form cannot be secured and is, therefore, vulnerable to unauthorized access and modification by third parties.

Enforcement

Persons in violation of this policy are subject to the full range of sanctions, including the loss of computer or network access privileges without notification, disciplinary action, dismissal from the College, and legal action. Some violations may constitute criminal offenses, as outlined in Kentucky statutes and other local, state, and federal laws; the College will carry out its responsibility to report such violations to the appropriate authorities.

Advertising and Publicity Policies

In an effort to go green, Kentucky Wesleyan College now utilizes digital campus signage for student organization, faculty, and staff advertising. All publicity content must be approved by the Office of Student Services through KWConnect. The approval is certification that the sponsoring organization has met the applicable conditions established by the Office of Student Services as set forth in these policies. Authorization may be refused if one or more of these conditions have not been met. This authorization is neither an endorsement of the activities nor of the subjective quality of the publicity, but rather allows the sponsoring organization to publicize events in accordance with these procedures.

Material to be posted must be submitted to the Office of Student Services no later than one week prior to the proposed date of posting, and KWConnect event submissions must include the publicity. Postings may be displayed for a maximum of 3 weeks through digital campus signage. When posting in any off-campus area, local laws, and ordinances supersede those set by the Office of Student Services. It is the responsibility of the organization initiating the publicity to comply with such regulations.

Publicity is defined as: the giving out or posting of information about a product, person, group, or event for advertising or promotional purposes. Publicity includes, but is not limited to, flyers, signage, posters, banners, quarter sheets, table tents, social media postings, website materials, purchased ads (both online and in print), displays (small and large), chalking, sidewalk stickers, and lawn signs. All publicity is now to be digital and submitted through the Campus Signage Request form on KWConnect. Paper advertising is only permitted on the bulletin boards of the Barnard Jones Administration Building (Admin), Yu Hak Han Center for the Sciences (Hahn), and Ralph Center for Fine Arts & Communication Arts (Ralph). Upon approval of the Department Head, paper advertising may also be hung in a Department's space on campus. Table tent advertising in the Dining Hall and Panther Cafe area is to be submitted to and approved by Dining Services.

The following **MUST** be indicated on all materials to be posted:

- The full name of the sponsoring organization

- The time, date, and place of the event
- Any entrance fees or costs to participate

Only officially recognized Kentucky Wesleyan College student organizations may advertise functions or activities within the campus area. Occasionally, when the interest to Kentucky Wesleyan College students would be great, small notices, either commercial or from other universities, may be posted if authorized.

Any organization failing to comply with these policies and procedures may lose their posting privileges as well as other privileges for a stated period of time. In addition, the organization may be charged the cost for the removal of the poster from the unauthorized location(s) and assessed a \$5 fine per poster.

1. Activities which are open to members and non-members of the organization may be publicized through general advertising media. However, notification of a meeting or event that is only open to organization members should be made internally (via KWConnect, email, or other means).
2. Printed flyers and posters must be confined to the bulletin boards in Admin, Hahn, and Ralph and removed within 24 hours of the completion of the event.
3. Handcrafted and printed flyers and posters may not use glitter and may only use painters or wall-safe tape to attach to painted surfaces.
4. The maximum allowable size for flyers is 11x17 inches. The Office of Student Services may grant special consideration for special events that may require larger posters.
5. College and Student Government Association general election campaign posters need not be approved, but they must meet all other criteria specified for posting. While digital posters are preferred, campaign posters may be printed or handmade and should only be posted on the bulletin boards in Admin, Hahn, and Ralph. Additional hanging locations must be approved by the Director of Student Involvement or Dean of Students.
6. Posters and flyers may be hung by Greek Organizations during the formal recruitment period each fall. Posters may be printed or handmade and must be approved by the Director of Student Involvement. All criteria specified for advertising must be met and posting locations must be approved by the Director of Student Involvement.
7. Any organization wishing to chalk sidewalks and walkways must submit a written copy of the proposed chalking message for approval to the Office of Student Services at least three working days prior to the proposed date of chalking. See the Chalking Announcements on Campus policy for information regarding chalking.
8. No posters or other forms of publicity advertising or implying the sale or use of alcoholic beverages (i.e. pub crawls, drink specials, happy hours) will be approved.
9. The content of postings must avoid demeaning or discriminatory portrayals of individual groups, cannot be libelous, violate copyright law, or contain any material that is inconsistent with the community standards of Kentucky Wesleyan College, including any reference to alcohol, drugs, or sexual innuendos.
 - a. The Office of Student Services will not approve literature that includes language or graphic illustrations that dehumanize individuals or foster intolerance of others because of their race, age, nationality, religion, gender, sexual orientation, disability, or any other characteristic protected by applicable laws.
 - b. Materials will not be approved if they contain offensive language or images.

Chalking Announcements on Campus

Any organization wishing to chalk sidewalks and walkways must submit a written copy of the proposed chalking message for approval to the Office of Student Services at least three working days prior to the proposed date of chalking. Organizations or individuals that chalk without prior approval will be responsible for the cost of removal and may be assessed a 5 dollar fine per 36"x24" area chalked.

When chalking on campus, please remember:

- Do not chalk within 25 feet of any door
- Do not chalk under any overhang (it takes a very long time to wear away)
- Alternate sidewalk blocks so you are not chalking on every one
- Chalking buildings or walls is strictly prohibited
- The material used to mark the walk must be water-soluble chalk (sidewalk chalk)
- The use of markers, paints, oil-based products, or spray chalk is prohibited

If you are already submitting a flyer for your event, and the message you plan to chalk is identical to what is on the flyer, simply note that in your event submission. No additional submissions are necessary.

Children on Campus Policy

Purpose: Kentucky Wesleyan College encourages safe, supervised campus visitations by children for the purposes of making decisions about their academic future such as: attending educational, cultural, or sporting events and camps and authorized use of facilities.

Kentucky Wesleyan College campus grounds and infrastructure are designed to provide an environment conducive to academic and occupational activities performed by students and employees. For reasons that include the safety of children and assuring the professional and efficient performance of academic pursuits, operations, and services, Kentucky Wesleyan College cannot accommodate unsupervised children in campus workplaces, classrooms, or at any other venue or event on campus.

People Covered by Policy: All KWC personnel, contracted programs and camp operators, and guests of KWC on campus.

Policy Statement:

Definitions

Children: Minors under the age of 18.

Minors Enrolled as Students: Properly enrolled students under the age of 18 who have the rights and privileges of any other student in the classroom and on campus grounds, except that such minors between the ages of 13-15 must have a signed release form on file in the Admissions Office indicating whether they will be accompanied on campus by a responsible adult and must be in compliance with that form. Properly enrolled students under the age of 13 must always be accompanied by a

responsible adult. Properly enrolled Minors shall adhere and abide by KWC's Sexual Harassment & Assault policy.

Supervised: An adult designated as responsible for the child is providing direct on-site care and attention to the child's health, safety, and welfare. An adult responsible for the child who is present but performing work, teaching, or other activities that distracts his/her attention from the child does not meet this criterion.

Unsupervised: The adult responsible for the child is not present or is performing duties that distracts from the adult's attention to the child.

Procedures

Classrooms: Presence in classrooms is restricted to properly enrolled students or visitors with a legitimate purpose, who may be adults or minors. Instructors of record are responsible for ensuring that individuals who attend their classes are properly enrolled or have been invited for the purpose of making special announcements, guest lecturing, or other authorized reasons. Instructors are also responsible for addressing situations when unauthorized individuals attend their classes.

Instructors have the discretion to make infrequent exceptions due to temporary, unforeseen emergencies. In these cases, children must remain in the classroom and are not allowed to sit in the hallway or be unsupervised in other locations on campus.

Offices: Children are allowed in offices on campus in the following situations:

- Short, occasional visitation by children who are accompanied by a responsible adult.
- Infrequent exceptions granted by the supervisor due to a temporary, unforeseen emergency and only when the responsible adult is able to be present and attend to the care and welfare of the child.

Children are not allowed in offices on campus in the following situations.

- An alternative to regular childcare provisions, e.g., infant care or childcare during summers and holidays.
- When the child is too ill to be sent to regular childcare location or school.
- Provision of regular and routine childcare after the Campus School or any other school has dismissed, regardless of duration each day.
- Presence of child interferes with normal operations.

Supervisors are responsible and accountable for ensuring that this policy is followed. Should employees require time to resolve their childcare situation, they are required to leave work and paid time off will be assessed.

Camp Grounds and Facilities: Due to safety issues, under no circumstances may unsupervised children be allowed to play on campus grounds, roam campus buildings, or sit unaccompanied in

campus buildings or benches on the grounds. Areas that are off limits to unsupervised children include, but are not limited to:

- Hager Hall
- Yu Hak Hahn Science Center
- Parking lots
- Residence Halls
- Cafeteria
- Winchester Center
- Game rooms
- Athletic fields
- Facilities/Maintenance Building

Anyone finding an unaccompanied child on campus grounds should first determine if the parent(s) are on campus and try to reunite the child with the parent(s). If unable to do so, the adult should inform the Student Life Office of the location of the child during the hours of 8 AM – 5 PM Monday-Friday. Call (270) 852-3285 to request such assistance. After 5 PM and during weekend hours, please call Campus Security at (270) 929-8609. - Acknowledge that anyone suspected of harassment or abuse may be subject to civil and/or criminal proceedings and, if convicted, will be prosecuted to the fullest extent allowed.

Class Attendance

Each student is expected to attend all classes, labs and other course-related activities for which she/he is enrolled. No student may attend a course for which she/he is not officially registered. Non-attendance in a course does not result in an automatic drop. See the Academic calendar for deadlines to add or drop a course or withdraw from college.

The attendance policy for each class is determined by the instructor and is stated in the course syllabus. It is the student's responsibility to know the policy on attendance for each course in which she/he is enrolled.

Consistent class attendance and participation are essential to academic success. Poor class attendance/participation is a major issue in academic failure. Institutional norms related to courses which have an attendance policy is unexcused absences should not exceed twice the number of classes per week. This means that a student would be permitted four (4) unexcused absences in a class that meets every Tuesday and Thursday, six (6) unexcused absences in a class that meets every Monday, Wednesday and Friday, and one unexcused absence in courses that meet once per week. When unavoidable absences occur, the student should explain the circumstances as soon as possible to the instructor.

For instructors who have attendance policies, when it is determined the number of absences has reached the level where any additional absences would prevent the student from attaining the objectives of the course, this judgment should be communicated to the student with the warning that any further absences during the academic term will result in an automatic dismissal from the course and a grade of "E" failure for non-attendance will be awarded.

Absences Due to Illness or Weather-Related Issues – Students should contact their instructors at the earliest opportunity, preferably prior to the class meeting. Individual instructors will use their own discretion when choosing to excuse or not excuse an absence.

Absences Due to Emergencies – Students should notify the Academic Dean's Office (270 852 3117). Instructors will be contacted but it is the student's responsibility to arrange for any make-up work. The instructor in each course is responsible for arranging for the administration of any deferred examination.

Absences while representing Kentucky Wesleyan College due to athletic travel and/or competitions, academic activities, I.e., conference attendance, music competitions, field experiences, etc., are excused absences. Students must notify their instructors at the earliest possible opportunity of the class conflict with an approved College event. Students must consult with their instructors to determine the arrangements for any missed work. In all cases, students are expected to follow the policies outlined by the instructor in the course syllabus.

There may be additional class attendance requirements related to academic, athletic, or extracurricular activities participation. Please consult the instructor, student athlete handbook and coach, or extracurricular supervisor as appropriate.

Communication of an Emergency

LiveSafe is an emergency notification system provided to our students, parents, faculty and staff.

Emergency alerts pertaining to bad weather, campus alerts or other mass notification needs are sent via e-mails, cell phones, text messages and telephones. Emergency messages are initiated by the V.P. of Academic Affairs, President, V.P. of Student Services or V.P. of Finance.

Each member of the Kentucky Wesleyan community should download the LiveSafe app on their cell phone. All campus email addresses and campus telephone numbers are automatically entered into the database. Any personal contact information must be submitted to the Office of Student Services to be updated in the LiveSafe database.

Copyright Infringement (Policy in Response to Allegations)

A Message to the Kentucky Wesleyan College Community

Dear Kentucky Wesleyan College Community,

As you are likely aware, in spite of its ease and the fact that “everyone does it,” downloading music, television programs, films, games, and software without paying for them and without permission of the owner is against the law. What you may not realize is that even if you purchase those materials legally, when you make them available to others by placing them in “shared” folders accessible to peer-to-peer software (P2P) (see Wikipedia’s “Peer-to-peer,” <http://en.wikipedia.org/wiki/Peer-to-peer>) you are also violating United States copyright law and are subject to civil and, in extreme cases, criminal penalties. You should also be mindful that if you can use software (e.g., Limewire, Morpheus) to locate music or other files on the internet, the copyright owners will have at least as powerful software to locate the infringing files on your computer.

The 1998 Digital Millennium Copyright Act (DMCA) and Wesleyan policies speak directly to this issue and define the procedures we follow when notified that a copyright owner believes they’ve located a case of infringement on a computer attached to the campus network. Immediately upon receipt of such a complaint, the DMCA requires that we block access to the allegedly infringing content until such time that the complaint can be resolved as prescribed in Kentucky Wesleyan College’s *Policy on Response to Allegations of Copyright Infringement*.

At the very least even a simple notification will likely disrupt your access to the internet and create significant amounts of work for College personnel. Even a single event can result in you and your family facing a lawsuit. Repeat offenses will most likely result in losing the privilege of internet access from your residence hall room and, again in extreme cases, lead to more severe sanctions.

Wesleyan is careful to follow the procedures as outlined in the DMCA both to protect the financial resources of the College and to serve as much as possible as a buffer between students and complainants. In 2009 a federal jury ordered a Boston University graduate student to pay four music companies \$675,000 for downloading and distributing more than two dozen songs. The Chronicle of Higher Education noted that “The jury could have demanded that Mr. Tenenbaum, a 25-year-old physics student, pay as much as \$4.5-million . . .” and that “In a separate lawsuit in June, a woman was ordered to pay \$1.92-million in damages for downloading 24 songs.”

Please, for your own sake, do not download or make copyrighted materials available on your computer! Please see links below for more information and contact me if you have questions or need help.

Dr. Paula Dehn
Agent Designated to Receive Copyright Complaints

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ’s at www.copyright.gov/help/faq.

Drop/Add Procedure

Students must complete the drop/add form available in the Registrar’s Office within the prescribed dates listed in the academic calendar for that term.

Final Exam Policy

No away co-curricular events can be scheduled during final exam week, including weekends. No home co-curricular events can be scheduled on the day or evening a final exam is scheduled. No student should be required to take more than two final exams in one day. Students scheduled for three or more final exams should contact their professors first to attempt to reschedule. If this is not possible, then contact the Academic Dean.

Rules/Protocol

- No alcohol permitted
- No burning of materials other than seasoned wood or quick-starting logs (Rubbish, leaves, grass, and other substances that will give off substantial smoke or obnoxious odors are prohibited)
- Lighter fluid and fire starter sticks are the only approved accelerants for starting your fire. After fire is started please make sure to keep excess lighter fluid away from the fire.
- No horseplay or physical activities within 15' of fire pit
- A Kentucky Wesleyan College employee must be present at all times when fire is present.
 - The employee should be from the Department using the fire pit or the Faculty or Staff Advisor of the Student Organization using the fire pit.

- Groups and Departments using the fire pit must provide their own firewood
 - Small bundles of firewood can be purchased at Kroger for \$5
- **The group using the fire pit is responsible for having the water hose from Massie ready and available to extinguish the fire at all times.** The day of your event the faculty or staff member in charge must pick up the water key from Student Services. *The water key must be in the faculty or staff member's position at all times. *
- You must have the water hose on before starting the fire and are responsible for turning the hose off and returning it to its stored position after the fire.

Housing Policy

Kentucky Wesleyan College values developing the whole student. This means great emphasis is placed not only on academic success, but also on a student's successful engagement into campus life. The College recognizes the opportunities for learning from others, developing social and interpersonal skills, and personal growth are enhanced by residing on campus. Residence Life's goal is to create an environment that provides the foundation for the academic, social, and personal development of every residential student.

Students who reside in the residence halls are provided opportunities to develop various skills that add value to the academic education Wesleyan students receive. This helps separate our students from the rest as they transition from school to careers and their new lives post college. With this in mind, we have set our housing policy to reflect this commitment.

Upon admission to the College, all students are required to submit a Commuter/Housing form, which is available in the Admissions Office, prior to enrolling. Returning Students will be provided the opportunity to participate in Room selection each spring for the next academic year.

Residential Housing Requirement

Effective Fall 2019

All full-time, unmarried students under the age of 21 are required to live in the residence halls and participate in a residential dining plan. Exceptions to this policy may be granted under the following conditions by the Director of Residence Life or the Dean of Students:

- Students who have achieved a cumulative grade point average of 2.5 after completing 6 full-time college semesters (at least 90 credit hours); OR
- Students who will reach the age of 21 prior to September 1 of the academic year with a cumulative grade point average of 2.5; OR
- Students who are classified as independent (as defined by the most recently filed tax return), married, or support a dependent over 50%; OR

- Students who reside in one of our designated “commuter counties” (KY – Daviess, Hancock, Henderson, Mclean, Ohio; IN – Spencer, Warrick) or within 30 miles of campus as long as they are living with a parent or a legal guardian.

All full-time Kentucky Wesleyan College students who receive 75% or more of their tuition/mandatory fees in institutional aid are required to live on-campus with the exception of students meeting housing exemption #4. Institutional aid is defined as: unrestricted, restricted, academic, athletic, talent and endowed scholarships.

It is understood that the housing contract includes both the fall and spring semesters, except for students who graduate in December or no longer attend Kentucky Wesleyan College. Students entering during the spring semester will only be under contract for that semester.

Application to Live Off-Campus

Kentucky Wesleyan College reserves the right to consider each request to live off-campus on a case-by-case basis, and to request and receive any and all documentation deemed necessary to verify the information submitted with the request. Students are advised not to enter into any off-campus lease or rental agreement before the College makes its determination with regard to the student’s request. Students who sign a lease without being released from campus housing will be responsible for the room charge and their off-campus rent.

All requests to live off-campus must be made to the Office of Student Services by 5pm on June 30th. Once given permission to live off campus, re-application is not necessary so long as the conditions for which the student was approved are met. Decisions will be made periodically throughout the Spring and Summer. Decisions are generally made one week prior to room selection, last day of classes, end of May, and second week of July. Students will be notified via their campus email address and can look at their student portal to see assignment.

Any student on academic probation, may be asked to move into College housing and continue living in College housing until probation is lifted.

Students who officially terminate their housing contract from the residence hall at any time during the academic year and subsequently continue full-time enrollment will forfeit their housing deposit and be assessed a \$1,000 contract termination fee. The fee will be assessed to the student’s bill.

Summer Housing for New Students

Effective August 1, 2008

Due to liability concerns, prospective students, defined as students not enrolled during the previous spring semester or the current summer semester, shall not be eligible for summer housing. Only new students who are required to report early for preseason conditioning will be allowed to move to campus before the official opening date. All residential students must submit a housing form and their \$100 housing deposit prior to checking in to their residence hall. New summer and fall students who enroll in an on-campus summer course are eligible to live on campus.

Students must be enrolled to be eligible for on-campus residency

Students must be enrolled in the appropriate Kentucky Wesleyan College term to be eligible for on-campus residency. During semester breaks, students must be registered for the upcoming semester and paid in full to be eligible for on-campus residency.

Howard Greenwell Library Circulation Policy

1. All borrowers must present a valid Kentucky Wesleyan College photo ID or register for a library card before they may check out materials.
2. Some materials may not be checked out. These include reference materials, periodicals and selected AV materials.
3. Loan periods and fines for circulating materials are as follows:
 - Books /CDs - checked out for 3 weeks - fine is 10 cents per day, with a maximum fine of \$10.00 per item
 - DVDs - checked out for 3 days - fine is \$1.00 per day, with a maximum fine of \$10.00 per tape.
4. The replacement charge for lost materials is the current price of the item plus a \$10.00 processing fee. Charges for out-of-print or unavailable materials are assessed at the original cost (or \$25.00, whichever is greater) plus a \$10.00 processing fee.
5. Materials may be renewed only if all fines have been paid in full and all overdue materials have been returned. Materials that have been requested and reserved by another patron may not be renewed. Materials may be renewed online one time only. Materials may not be renewed by telephone.
6. Borrowing privileges of patrons having overdue materials and/or unpaid fines or fees will be suspended. These privileges will be reinstated when all fines have been paid and all materials returned, or a replacement cost has been paid.
7. At the end of each semester, the Registrar will be notified of those Wesleyan students having overdue materials and/or unpaid fines or fees in excess of \$10.00 at Kentucky Wesleyan College, Brescia University and Owensboro Community & Technical College (OCTC) libraries. Transcripts will be held until all fines or fees have been paid and all materials returned.

Inclement Weather Class Cancellation Policy

Classes may be canceled due to severely inclement weather. The decision to cancel classes will be made by the Academic Dean by 6:00 a.m. and communicated immediately to the media and to the campus community by campus e-mail.

The following stations (radio and TV) are contacted and usually broadcast the information:

<ul style="list-style-type: none">• Closing Hotline 270-852-3116• WFIE-Channel 14 in Evansville	<ul style="list-style-type: none">• FOX 7, News 25• WBKR/WOMI, Cromwell Group
--	--

Students should listen for these announcements. Individual faculty members may also list their particular class cancellation policy on their course syllabus.

Military Call to Active Duty (Military Leave of Absence) Policy

Students will be allowed to withdraw from the College and receive 100% credit for tuition and fees (less any financial aid which the student may have received for the term) and a prorated refund of room and board charges upon presenting an original copy of their orders to the Registrar. Some financial aid programs cannot be refunded after a certain date; these financial aid adjustments are subject to program regulations.

Alternatively, incomplete (I) grades in all classes, with no tuition and fee reimbursement, may be more appropriate when then withdrawal is near the end of the semester and incompletes are agreed to by the instructor(s) and the student and approved by the Registrar. However, if the student chooses to withdraw from only a portion of his/her classes and receive incompletes in the remaining classes, he/she would receive a partial reimbursement of tuition and fees only if the number of remaining credit hours is fewer than 12. In either of these alternative cases, the student will receive a prorated refund of room and board charges and be allowed to complete the course work according to the established policies of the College and the agreement with the instructor(s) involved.

Before returning to campus, students must notify the Registrar in writing at least 30 days before their return. The right to use College facilities is suspended while the leave is in effect.

Missing Student Notification Policy & Procedures

The purpose of this policy is to establish procedures for the College's response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in campus housing.

A Wesleyan residential student is “**determined to be missing**” when a missing person report investigation concludes that the student has been absent from the College for a period of 24 hours or longer without any known reason. The Dean of Students, or designee, in conjunction with the Director of Residence Life, will make the official determination of whether a student is deemed missing.

Note: In order to avoid any jurisdictional conflicts, when a commuter student is believed to be missing, the reporting person should immediately notify local law enforcement authorities. The Student Services Office will assist external authorities with the investigations as requested.

Procedure for designation of confidential emergency contact information

All residential students have the opportunity annually to identify an individual or individuals to be an emergency contact contacted by the Dean of Students no later than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student. This information is maintained confidentially and will be available only to the Dean of Students, Director of Residence Life, the VP of Finance, and Vice President of Academic Affairs and Dean of the College. **The administration of the College reserves the right to notify the parents of a student under the age of 21 if she/he has been determined to be missing.** Each student over the age of 18 has the option of opting out of the Missing Student Policy as per the Missing Student Procedures 20 USC 1092 (j) (Section 488 of the Higher Education Opportunity Act of 2008), through signing a waiver on the Missing Student Information Form.

For those students under the age of 18 and not an emancipated individual, the College is required to notify the emergency contact as well as the custodial parent or guardian no more than 24 hours after the student is determined to be missing.

Procedure for official notification for missing students

- Any concerned person who has information that a residential student may be a missing student must notify the Dean of Students as soon as possible so that an official determination may be made about whether or not the student is missing.
- The Student Services Office and Residence Life Staff will gather all essential information about the residential student from the reporting person and from the student's acquaintances. Appropriate campus staff will be notified to aid in the search for the student. Appropriate staff will include the Residence Director, the Dean of Students, and Dean of the College.
- If the above actions are unsuccessful in locating the student within 24 hours, or it is apparent immediately that the student is a missing person (e.g. witnessed abduction) the student will be determined a missing student.
- Within 24 hours after a student is determined to be missing, (1) the Dean of Students, or designee, will notify the emergency contact per emergency contact process; and will notify the appropriate local law enforcement agencies for assistance. **In addition, the administration of the College reserves the right to notify the parents of a student under the age of 21 if she has been determined to be missing.**

Panther Promise

Due to the COVID-19 pandemic, all Kentucky Wesleyan students are required to sign the Panther Promise agreement at the beginning of each academic year. The Panther Promise outlines specific regulations, guidelines, and commitments that each student must follow to keep themselves, each other, and the campus community safe. Failure to sign the Panther Promise will result in the student being unenrolled from the institution. Violation of the Panther Promise can result in the student being moved to remote learning for the remainder of the semester, removed from campus housing, and being prohibited from participating in campus activities.

The Panther Promise reads as follows:

Being a member of the Kentucky Wesleyan family means that each of us must be willing to take steps to stay healthy and well while also protecting each other. I commit to take responsibility for my own health, to keep the Wesleyan community safe from the spread of COVID-19 and other infections so that I can attend class on campus this year.

I PROMISE TO...

PROTECT MYSELF

- Monitor myself for [symptoms of COVID-19](#) daily and report to the Office of Student Services if I experience any COVID-19 symptoms.
- Wash my hands with soap and water for at least 20 seconds frequently, use hand sanitizer at times when soap and water are not available, and minimize touching surfaces in shared areas along with my face, mouth, eyes or nose.
- Respond to calls or texts from contact tracers to enable tracking of the disease.

- Stay informed and responsive about health and safety updates or responses to COVID-19 from College staff.

PROTECT OTHERS

- Adhere to current campus policies relative to masks and facial coverings and physical distancing.
- Stay home, isolate, and contact Student Services if I feel ill, after possible exposure to someone who is ill or has tested positive for COVID-19. I will not be punished academically or socially for taking these responsible actions.

PROTECT THE WESLEYAN COMMUNITY

- Participate in testing and contact tracing as instructed to preserve community health.
- Adhere to isolation and quarantine instructions if I test positive or am exposed to someone who has tested positive.
- Serve as an active bystander for the well-being of others, helping remind others of their responsibilities to follow campus policies relative to masks and physical distancing and other guidelines to assure everyone's health and safety.
- Report any concerns regarding compliance to expectations outlined in the promise to the [Office of Student Services](#).
- Seek assistance from college and community staff or resources to support myself or other members of the community during this challenging time.

I understand that even though the College will take precautions to reduce the risks of COVID-19 on campus, I can never be completely shielded from all risk of illness caused by the virus, and everyone in our campus community, including me, shares the responsibility for the health of the Wesleyan community. I acknowledge my individual effort is critical to a successful 2021-2022 academic year and commit to upholding my promise to fellow Panthers as outlined above when choosing to return and participate in campus life.

Residence Life

As we start another year, the 2022-2023 Residence Life staff would like to say welcome to all of you who are new to our campus and welcome back to those who are returning. We are looking forward to seeing our old friends and making many new ones.

Please let your RA, RD, or Director of Residence Life know if you have ideas for programs you would like to see us plan for your hall or for the whole campus. We will do our best to provide you with many fun and informative activities. Best wishes for a successful year!

Residence Hall Policies and Procedures

Wesleyan offers students a unique experience through its residence halls. Each residence hall is a community designed to enrich and broaden the educational experience of students. The residence halls are intended to meet the physical needs of our residential students, while providing activities and programs that contribute to their total educational experience.

Two objectives of higher education are to develop self-reliance and to form desirable and acceptable habits of conduct. All students living in the residence halls, as well as non-residential students and visitors, are expected to conform to the ordinary rules of polite society and to the regulations of the College; to respect the rights of others; and to have regard for the preservation of College property as well as the property of others. If a student has questions about the residence hall regulations, the first contact should be their Resident Assistant.

The following regulations have been established to ensure a desirable living environment conducive to sleep, study, and social interaction among residents. Students who are alleged to have violated these regulations will be referred to the Student Services Office for appropriate disciplinary action.

I. Room Assignment and Change Policies

- 1) **Room Assignment** - Residence hall rooms are assigned by the Student Services Office. Once a student has been assigned to a room, the student may not move to another room in any residence hall without first receiving written permission from the Director of Residence Life.
- 2) **Room Change** - Room Changes will only be permitted during a specified time each semester. Room change requests outside those specified times will only be permitted if the Director of Residence Life determines that extenuating circumstances exist, and the change is approved by the Student Services Office.
 - a. Once a room change has been approved, all students involved in the change must move to their new room assignment(s) within 48 hours of permission being granted.
 - b. Any student involved in a room change who fails to move within that 48-hour deadline will be assessed \$25 per 48 hour period.
 - c. Any student who fails to move within another 48 hours will lose the opportunity to change to the newly assigned room.
- 3) **Unauthorized Room Change** - Any student who makes an unauthorized room change at any time during the year will be assessed \$100, referred through Student Conduct system, and will be required to move back into their original room. The College reserves the right to reassign individuals to different rooms at any time if such reassignment is deemed necessary.
- 4) **Consolidation** - A student living alone in a regular double room, who is either ineligible for a single room or who does not want to pay the additional price for a single room, will either be moved into another regular double room with another student, or will have another student moved in with her/him. This policy will apply until Spring Break of the academic year.
- 5) **Private Rooms** – There are a limited number of designed singles. Double rooms may be utilized as single rooms with approval from the Director of Residence Life should space be available. If space is available, single rooms will be given to those students requesting one, based on the following criteria:
 - a. Housing priority number (number of hours completed times cumulative GPA)
 - b. Number of hours completed at Kentucky Wesleyan College,
 - c. Cumulative GPA at Kentucky Wesleyan College,
 - d. Date of birth and judicial history.

Prior to the room consolidation meeting held each semester, students requesting a single room by the stated deadline will be ranked according to the criteria listed above. Students requesting a single room after the stated deadline will have their names added to the bottom of the list of those students ranked according to the criteria listed above. If a student is offered a single room and declines, but later wishes to have their name placed on the single room waiting list again during the same academic year, it will be placed at the end of the list and previous rankings will not be considered.

- 6) **Premium Living Arrangements** - Students wishing to live in Stadium Drive, Peeples Hall Suites, or Massie residence halls must meet and maintain a minimum 2.3 GPA to remain in their respective halls. Massie Hall is reserved for returning students; however, new freshmen may be placed in Massie if there is available space with an incoming GPA of 3.2 or higher.
- 7) **Disabled Student Housing** - Under Kentucky state law, each college or university in the state is required to give priority for first floor housing to disabled students who notify the institutions

of their disability. If first floor housing is unavailable, the institution will allow the student to seek alternative on-campus or off-campus housing.

- 8) Meningitis, flu and hepatitis B vaccines and T.B. skin tests are available to the student at cost. Contact the Student Health Office for more information.

II. Check-In, Check-Out and Billing Policies

- 1) **Room Condition Report (RCR)** - Upon checking into their room, both occupants of the room must complete an RCR for their room verifying that the condition of the room and its furnishings at the time of check-in is indeed accurate. It is each resident's responsibility to make sure their RCR accurately reflects the condition of their room and its furnishings, at the time of check-in. **Students who fail to make the necessary notations on their RCR within 24 hours after they check into their room, who are not present at check-out, or who have utilized the express check out option (if offered), when the R.A. or R.D. makes the end-of-the-year notations on the RCR, may not dispute the charges for which they are assessed at the end of the school year.**
- 2) **Housing Deposit** - All students living in a KWC residence hall must pay a \$100 housing deposit. That housing deposit is applied directly to the students account afterwards.
- 3) **Mandatory Meetings** - Throughout the year mandatory hall meetings may be held. A 24-hour notice will be given to all residents. Failure to attend may result in a \$25 fine and/or 5 hours of community service.

Mandatory meetings that will occur are opening meetings the first two weeks of each semester and closing meetings that happen the last two weeks of the semester.

- 4) **Hall Closures** - The residence halls are closed during all College vacation periods (Winter Break and Summer Break). Notification informing residents of the date and times the building will close, as well as when it will reopen following each vacation period is sent through campus e-mail and communicated through signs in halls at least one week prior to each vacation period. Only residents granted permission by the Student Services Office to remain in the residence halls during vacation periods will be allowed to stay. All other residents should make travel plans or alternate housing arrangements for Winter Break and Summer Break vacation periods that allow them to be checked out of the residence hall by the official closing time.
- 5) **Leaving After Finals** - Students are required to leave the residence hall within 24 hours after their last final exam ends for both the fall and spring semester exam periods. Students wishing to remain in the residence halls beyond that 24-hour time need written permission from the Director of Residence Life. The Director will use his/her discretion in granting permission, based on guidelines established by the Student Services Office. All students must leave the hall by the announced hall closing time, even if 24-hours has not passed since their last final. Students who do not leave by the announced hall closing time will be billed \$40.00 per additional night.
- 6) **Staying later or Arriving Earlier than Closure/Opening Date** - Students sometimes have a need to stay. In extraordinary circumstances, students who need to stay or arrive early should submit a request to stay late/arrive early to Student Services Office Staff. There is a per night charge to stay in hall of \$40.00.

Winter and summer housing is offered to current, eligible students. Please inquire about price of break housing for the full break.

- 7) **Checking Out of Residence Hall Room** - Students who withdraw from the College or check out of the residence hall at any time during the school year must do the following:

 - Clean the room (remove garbage, sweep and wipe off furniture)
 - Either complete an Express Check Out or check out with staff and sign the RCR

- Return their room/hall key(s) to the Resident Assistant (RA), Residence Director (RD), or drop it off in the express check out box.

Students who do not check out of the hall by the arranged check-out deadline or process will be assessed \$50 minimum fee and a \$40.00 per night charge. If students do not return all keys issued to them for the hall a fee of at least \$100 per key will be deducted from their residence hall/damage deposit account. Keys need to be returned prior to departure to the Residence Director of the hall or staff in Student Services Offices.

- 8) **Public Area Damages** - The costs to repair damages to the building or furnishings outside of student rooms will be assessed to the residents of the wing/floor where the damage occurred, or if in a public area available for use by all residents (i.e. lobbies, laundry rooms), it will be assessed to all the residents in the building. These assessments will be charged to the student's accounts.
- 9) **Housing Contract** - The housing contract is generally for one year. It is understood that the housing contract includes both the fall and spring semesters, except for students who graduate in December or no longer attend Kentucky Wesleyan College. Students entering during the spring semester will only be under contract for that semester.
- 10) **Breaking Housing Contract** - A contract termination fee of \$1000 will be assessed to residents who officially withdraw from the residence hall at any time during the academic year and subsequently continue full-time enrollment.

III. Residential Rules and Regulations

- 1) **Aiding and Abetting** - Students are responsible for any behavior that takes place in their room, whether or not they are present in the room at the time the behavior occurs.
- 2) **Alcohol and other drugs** - Alcoholic beverages and illegal drugs are not permitted anywhere on campus, or in College housing. **Violations of this regulation will result in disciplinary action, up to and including possible expulsion from the College.**
 - (a) The presence of alcoholic beverage containers, either full or empty, anywhere on residence hall property could result in room searches and will result in disciplinary action being taken.
 - (b) Presence of articles may be interpreted as actual possession of those articles. Students encountered in locations where drugs, alcohol or other misconduct is evident will normally be considered in violation of the Code of Conduct even if they do not have the prohibited items on their person at the time they are encountered.

- 4) **Approved Appliances** - **Approved** appliances for use in the residence halls include:
 - i) Microwaves no more than 700 watts
 - ii) Refrigerators 2 amps or less

Students should consider the government-backed “Energy Star” label when buying lights and electronics. The label is a distinctive half-globe logo with the word “energy” and a star inside. Products with this label meet high energy-efficiency guidelines set by the U.S. Environmental Protection Agency and the U.S. Department of Energy.

Items **not permitted** due to serious fire hazard or safety concerns include, but are not limited to:

Alcohol will be disposed of when it is confiscated. Illegal items will generally be turned over to the police.

8) **Damage to Walls** - Nails, hooks, etc. may not be attached to the walls. Pictures and other items are not to be attached to the walls, windows, or furniture by any method that leaves holes or marks. Students will reimburse the College for damages resulting from the use of unapproved materials.

With the exception of *Kendall and Massie Halls*, the residential facilities on Kentucky Wesleyan College's campus are **NOT** equipped with such systems, and are not required to be since they are not over three stories. Residence Hall Room Entry and Search and Seizure Policy

The College respects and is committed to protecting each student's rights. However, it is also responsible for ensuring that adequate attention and protection are extended to all persons on campus, to the educational and service functions of the College, and to College property. To this end there will be times when College Officials, acting in the confines of their job, will need to enter student spaces. The following outline some typical instances where staff might enter a student room.

1. **Health and Safety Inspections** - Within the residence halls, the Resident Directors, Resident Assistants and/or Director of Residence Life, with the approval of the Student Services Office, may conduct periodic room inspections (accompanied by another party) for health and safety violations. In most cases, a minimum of 24-hours' notice will be given in advance of the inspection by the residence hall staff. However, the College reserves the right to enter any student room at any time. The College decides to do so in its sole discretion and may look into any property (College or student owned).

All areas of a Residence Hall are College property. Although students bring items to campus, for example a refrigerator, College officials have the right to search those items if there is reason to believe the student is in violation of College property or for safety reasons. If a College staff member observes items that are not permitted in the residence hall in a student's room, these items will be confiscated. With the exception of alcohol and illegal items (such as drugs, illegal weapons, etc.), confiscated items will be returned to their owners, typically at the end of the school year. Alcohol will be disposed of when it is confiscated. Illegal items will generally be turned over to the police.

It is understood and agreed that residence hall rooms are College property, are not considered permanent residence for students, and therefore tenant/landlord laws do not apply. A student's family home is still considered his or her permanent address.

2. **Law Enforcement Entry** - State and federal laws govern the entry of police officers into your room to investigate illegal activity. Lawful searches include, but are not limited to, a search with a search warrant and a search in which the resident has given permission for the search (verbally or by waiver).
3. **Policy Violations in Progress** - A Student Life or residence hall staff member may enter a student's room at any time if the staff member has reason to believe the health and safety of the occupants are in jeopardy and/or a residence hall regulation or Student Code of Conduct violation is occurring in the room. Evidence of alcohol or drug use in the room or elsewhere in the hall also warrants probable cause for room searches (including drawers, closets, refrigerators, etc.).
4. **Threat to Self, Others or Property** - Residence Life staff may also enter or search your room without your permission if there is a threat to the safety and well-being of persons or property, or for reasons stated below. Under such conditions, a staff member may enter and search your room whether you are present or not. Another member of the Student Life staff and possibly other officials will assist the staff member if it is thought that such danger is connected with fire, chemicals, explosives, weapons, or other items that could cause serious personal trauma or injury.

If a staff member enters your room with your permission and sees a violation that threatens the health, safety, and welfare of the College community, the staff member will confiscate all objects or materials that constitute a threat and take them as evidence to the Student Services Office. Other staff members or students may be asked to assist in an emergency situation requiring room entry if the situation threatens immediate harm to individuals. Staff will not, except as noted above, admit a third party to your room without obtaining your written or oral permission.

Residence Hall Emergency Response Procedures

- 1) In all cases of emergency, students should contact their RA, RD, or the Student Services Office.
- 2) Students must vacate the building whenever the fire alarm sounds. Students remaining in the building or who enter the building before they have been given permission to re-enter after the alarm has ended, will be subject to disciplinary action.
- 3) Students are required to leave their rooms or other areas of the building during the sounding of severe weather sirens, and immediately go to the basement, if available, or first floor internal areas of the building, if a basement is not available. Students who fail to follow this procedure will be subject to disciplinary action. **Note: Sirens in Owensboro and Daviess County are tested at noon on Fridays.**
- 4) Students who become ill should contact their Resident Director and/or Health Services, Dr. Sara Lynn Doolin-Thompson.

Solicitation Policy

Group or general solicitation of funds may be initiated by departments or individuals at the College only with the advance, written approval of the Advancement Office.

To avoid multiple appeals and/or solicitation of gifts from individuals, businesses, organizations, or foundations, and to prevent institutional and donor embarrassment, the Advancement Office must approve all solicitations in advance and in writing. In addition, individuals or firms seeking permission to use the College, its official seal or other Wesleyan symbols on a product for commercial purposes should obtain prior approval from the Public Relations Office. This includes give-away items containing commercial advertising for distribution on campus.

Student Life Social Event Policy

All student organizations wishing to hold social functions on or off campus must obtain permission from the Office of Student Services at least one week prior to the function. Failure to comply will result in the denial of the request and disciplinary action. Please refer to the Student Organization Policy handbook for further requirements for holding events on campus. You may submit an event approval request online through the KWConnect platform.

The Office of Student Services is here to help you, so if you have any questions regarding the process please feel free to stop by our office in the Winchester Center or contact the Director of Student Involvement.

Anti-Hazing Policy

Students, student organizations, athletic teams and other student groups of the Kentucky Wesleyan College community are strictly prohibited from engaging in any type of hazing activity. Hazing is defined as "any action or situation which recklessly or intentionally endangers the emotional, mental, or physical health and/or safety of a student, or which removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in any organization operating under registration with or auspices of the College." This includes any action that endangers the health or well-being of an individual, is personally degrading, has an adverse effect on the academic performance of the student, or which violates any federal, state or local statute or College policy. Individual or group consent to hazing activity in no way validates the activity or excludes those perpetuating it from being charged with a crime.

Individual members, organizations and groups who violate this policy are subject to College disciplinary action, as set forth in the Kentucky Wesleyan College Student Code of Conduct. This document is available for review at the Office of Student Services or online in the Student Handbook.

Additionally, any College student organization, group or individual student violating this policy or the Kentucky KRS Statute 164.375 on Hazing, is subject to sanctions that may be imposed by the Student Conduct Hearing Board and/or a court of law. The Kentucky KRS Statute on Hazing, 164.375, is available for review at <https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=4280>. Examples of activities or situations that could meet the definition of hazing include, but are not limited to, the following:

- Keeping the date of initiation/induction a secret; requiring signatures for initiation
- "Kidnapping" of any member, leaving members stranded in a remote location to find their way home, or scavenger/treasure hunts
- Any form of forced physical activity and/or exercise, whether extreme or not (i.e. push-ups, sit-ups, or other calisthenics, runs, walks, etc.)
- Physical harassment such as paddling, hitting, beating, slapping, pushing, or striking
- Marking or branding
- Personal servitude of any kind (i.e. phone duty, cleaning, yard work, doing errands, etc.)
- Forcing or encouraging the ingestion of any type of liquid or solid matter, edible or non-edible (i.e. alcohol, chewing tobacco, raw onions, spoiled food, dirt, etc.)
- Requiring the carrying of any item around campus such as paddles, rocks, books, shields, etc.
- Requiring the wearing of unusual, embarrassing or uncomfortable clothing
- Sleep deprivation or requiring/encouraging anyone to sleep anywhere other than their own residence or bed

- Preventing personal hygiene, communication with certain groups, and/or restricting places that new members can go on campus or in the community
- Verbal abuse such as yelling or screaming or labeling with silly or embarrassing nicknames
- Any activity that interferes with a student's academic pursuits (class attendance, studying, etc.)
- Requiring or suggesting that members vandalize, destroy or steal property or commit crimes
- Requiring anything of one group of members that is not required of another

Individuals or groups seeking additional information about this policy or reporting possible violations should contact staff in the Office of Student Services at 270-852-3285.

Whistleblower Policy

The College encourages employees to report concerns to their immediate supervisors. However, there may be times when this traditional reporting system is not possible or practical. For those times, the College has devised a whistleblower policy. This policy applied to all Kentucky Wesleyan College employees, students, and related community members. This policy should not be used for issues such as personal or employment grievances, general compensation and benefit complaints, or opinions on policy.

Kentucky Wesleyan College employees, students, and related community members are responsible for reporting illegal or dishonest events involving College employees, students, or resources. If the event is illegal, it should be reported to the proper authorities. If the event is contrary to a College policy or its mission, it should be reported according to the applicable policy. If a policy is not in place to address the specific issue, it should be reported to a College Officer, the College President, or the College Hot Line at 270-852-3199. If the event is such that internal reporting is not practical, it should be reported to the Chair of the Kentucky Wesleyan Board of Trustees (see contact information below).

A person who in good faith reports an activity or event that he or she reasonably believes to be illegal or dishonest is a whistleblower. When reporting alleged events, the whistleblower must provide enough information to justify an investigation. Examples of specific information include a thorough description of the event, who was involved, who knew about it, what specifically happened, when and where it happened, and if it is still ongoing. While the College allows anonymous reports, it encourages whistleblowers to include their names so that appropriate follow-up questions may be asked. Without sufficient information, an investigation will not be conducted. If a whistleblower requests that his or her identity remain confidential, the request will be respected to the extent that doing so does not impede the investigation or is not required by law or law enforcement officials. The College cannot guarantee complete confidentiality. Whistleblowers should be aware that their public testimony may be needed to prove a case against a reported employee or related community member.

The College prohibits retaliation against an employee, student, or related community member who makes a whistleblower report. Retaliation means to take direct and intentional action to negatively impact the whistleblower's conditions of employment or enrollment in retribution for reporting an event. This policy also extends to employees, students, and related community members who assist in the investigation of such a report. A whistleblower who believes that he or she has been retaliated against may file a written complaint with the President and the Chair of the Kentucky Wesleyan Board of Trustees. If the retaliation is proven, the person or persons involved may be subject to disciplinary action, up to and including termination.

A whistleblower remains subject to the standard expectations of an employee or student. This policy does not protect a whistleblower from disciplinary actions based on his or her behavior, conduct, or performance. The whistleblower must be acting in good faith. A whistleblower who makes malicious

claims or claims that he or she knows to be false is subject to disciplinary action, up to and including termination.

Withdrawal from the College

By electing to register for courses at Kentucky Wesleyan College, students become financially liable for all associated tuition and fees. If a student decides they do not desire to attend Kentucky Wesleyan College, they must officially withdraw. To withdraw officially from Kentucky Wesleyan College, the appropriate withdrawal form must be completed, signed, and submitted electronically. The Withdrawal Form may be obtained after the student completes the withdrawal interview with the Dean of Student Success or other designated college official.

If the student withdraws after the no-penalty date, a pro-rated adjustment in charges and financial aid will be made based on the number of registered days. After 60 percent (60%) of the enrollment term, no adjustments are made, which is congruent with the federal financial aid adjustment schedule. Please see the Financial Aid section of the Academic Bulletin for more details. Based on the adjusted charges and financial aid, the appropriate refund of payment or billing for outstanding balance due will be mailed to the student's home address within fifteen working days of the withdrawal.

Failure to properly withdraw means the forfeit of all rights to an adjustment of charges and a grade of ``F'' may be recorded for all courses.
